50 CENTS PER MONTH

**CITY ASSESSOR'S  
JOB TO BE DONE  
AWAY WITH**

Trustees Reach Agreement  
That County Will Do Assess-  
ing for the City

**TREASURER TO GO  
TO \$10 A MONTH**

**ORDINANCE CITY TRUSTEES  
WILL PASS WILL:**

- (1) Abolish office of city assessor.
- (2) Turn over to the county to do for the city the assessment, computation of taxes and collection of taxes.
- (3) Reduce the salary of the city marshal from \$125 a month to \$100.
- (4) Take the city treasurer's office off a percentage basis, by which the compensation at present is \$200 a year, and put it on straight \$10 a month salary.
- (5) Work a saving of \$3200 a year for the city.

At a conference of the city trustees last night it was definitely decided to pass an ordinance that will put the city's assessing, computation of taxes and collection of taxes in the hands of the county officials.

An ordinance to make this change is to be presented, probably Monday night, at the meeting of the city trustees, and will be passed. It is proposed also to make changes in the salary ordinance of the city. Among the changes definitely decided upon is the reduction of the salary of the city marshal from \$125 a month to \$100, and the fixing of \$10 a month as the treasurer's salary.

**Matter of Figures**

The city trustees considered that the decision of whether or not the present system should be continued was a matter of cold calculation. Some years ago the city had no assessor. It accepted the county assessment, fixed its rate and had the taxes collected by the county collector. The city is limited to a rate of \$1 per \$100 of assessed valuation, for purposes outside of bonds and interest. There came a time when the county assessment was so low that \$1 did not raise enough money to run the city government. That was the reason the ordinance was passed creating the city assessorship.

The trustees argue that the conditions are now such that the city can make money by going back to the old system.

**Assessment Statistics**

At present the city assessment, made by City Assessor Vegely, is \$7,305,845, and the city assessment made by County Assessor James Sipeer is \$6,411,510, a difference of \$891,335. It is pointed out that it makes absolutely no difference to the taxpayer if he has a high assessment with a low rate, or if the amount to be paid by him in either case is the same. At present the city tax rate is \$1.20, of which about 56 cents is for city purposes exclusive of bonds and interest, and upon that rate and upon Vegely's assessment about \$7,000 is raised. By raising the rate, the same amount of money can be produced on Sipeer's assessment.

Thus the trustees reasoned out that the change could be made, and the city get sufficient money to run its government. It was further pointed out that although the county's assessment at present is \$891,000 behind the city's this year will show an increase of \$400,000 or more.

**Where the Saving Is**

At present the city assessor's office costs per year as follows: Salary, \$1200; deputies, \$480; stationery, \$135; collection, \$200; total, \$2015. Some years ago the marshal's salary was \$100 a month. It was arranged that the marshal should be tax collector, and for that purpose he was given an increase to \$125 a month. The usual practice was for him to employ the assessor to do the tax collecting. In addition to the \$300 additional paid the marshal, the city pays \$125 for a bond for the marshal.

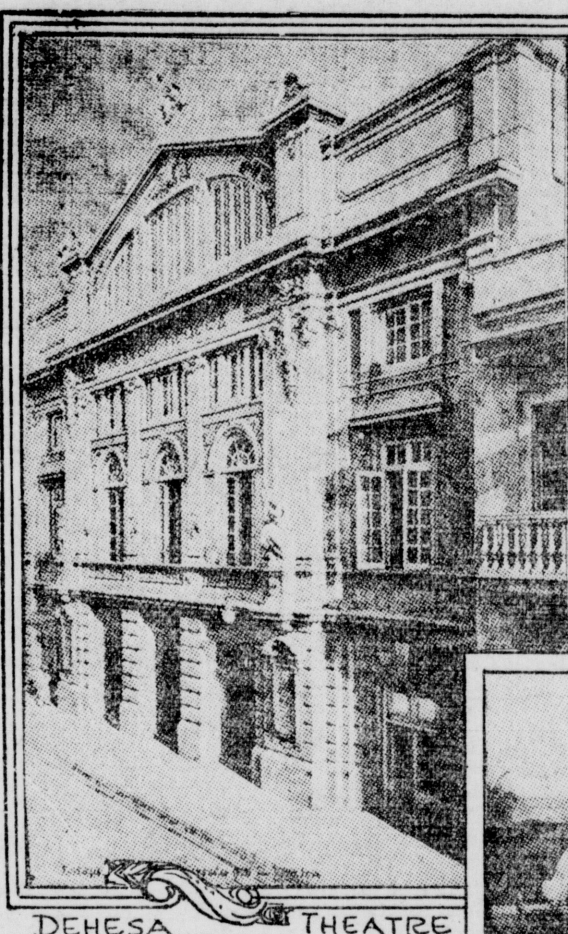

**Treasurer's Job**

In addition to these considerations is that of the convenience of taxpayers, and their saving in stamps and time, in having their taxes paid at one place instead of two.

The city trustees take the view that the office of city treasurer is a straight bank fight. They state that the practice has been that for the profit in having the deposits of the city treasurer, a bank has kept his books for him. At present the compensation of the treasurer is fixed at one-half of one per cent for all money handled through his office. That includes bonds. The compensation has been running from \$50 a month to \$75.

It is proposed to have the taxpayers recognize the treasurer's office as a bank fight. Any bank that wants to get the city's deposit may put up a candidate for treasurer, and let that candidate run as the bank's representative. Because it is recognized that some bank will keep the treasurer's books, the treasurer's compensation is to be made nominal, \$10 a month.

**Gale Drives S.S. Isthmian  
Ashore on Mexico Coast**

LOS ANGELES, Dec. 18.—The American-Hawaiian freighter Isthmian, en route from San Pedro to New York, went ashore in the storm last night at San Benito Island off the Mexican coast. While three torpedo boats were rushing to her aid from San Diego she pulled herself off, and started for San Diego under her own steam for repairs, with twenty-five feet of water in her hold.

The Isthmian carried no passengers. There are forty-five men in the crew.

SAN DIEGO, Dec. 18.—Wireless messages here this afternoon gave the details of the near wreck of the Isthmian. Driven from her course by a storm raging off the Lower California coast, she struck a reef on San Benito Island. The cruiser West Virginia, the destroyer Perry and the naval tug Iroquois hastened to her aid. The accident occurred at 4:20 o'clock this morning.

Down at the head from water in her hold, the Isthmian is making slow progress toward San Diego.

**CHARGES MURDER  
OF CONSUMPTIVES**

Doctor Tells Solons State is Remiss in Proper Care in County Hospital

LOS ANGELES, Dec. 18.—The declaration that California murders hundreds of consumptives annually because of lack of proper care in the county hospital was made today by Dr. G. H. Kress before a meeting of the Southern California legislators.

The meeting was called to permit the people to present direct to the legislators any proposed legislation in which they may be interested. Dr. Kress spoke for a bill providing an appropriation of \$100,000 from which the state may pay counties \$3 weekly for each tubercular patient cared for in the hospitals, approaching the standard fixed by the State Board of Health.

The meeting of the legislators will continue for the remainder of the week.

**WHEAT MOVING TO EUROPE**

NEW ORLEANS, Dec. 18.—Wheat cargoes estimated at one million bushels were aboard seven steamers here yesterday, ready to sail for Europe.

**GARDNER SPEAKS UP  
FOR A BIGGER NAVY**

Says 12 U. S. Battleships Are in Cold Storage; Styles Policy as Demented

WASHINGTON, Dec. 18.—Representative Gardner of Massachusetts, speaking before the house naval committee declared as follows today: "America has been dawdling along for years with a demented policy of building warships for cold storage. Twelve completed battleships are now in cold storage because we refuse to pay the bills to man them."

"Eighty per cent of the vessels of our modest navy," he said, "are unavailable for battle in an emergency. Think of it! Then think of how some of you talk about America being prepared for war."

**WEATHER FORECAST**

For Santa Ana and Vicinity—Cloudy tonight. Fair and cooler Saturday. Northerly winds.

**RAILROADS GIVEN  
RIGHT TO ASK  
EXTRA RATE**

125 Eastern Railroads Will Have \$50,000,000 Added to Aggregate Revenues

WASHINGTON, Dec. 18.—The Interstate Commerce Commission reported favorably today on the request of the railroads that they be allowed to increase their freight rates 5 per cent. All the commissioners except Commissioner Clements favored the rate increase. The report said:

"The findings in our original report are modified in the light of the changed situation as disclosed."

One hundred and twenty-five eastern railroads are concerned. All freight shipments except coal, coke, iron ore and "lake and rail" joint shipments are affected by the decision. Increased revenues to the roads will aggregate \$50,000,000.

Increased rates on cement, starch, brick, tile and plaster, granted in the former application, were denied today under certain limitations.

"Joint rates," continued the report, "between classification territory (the East) and southeastern territory, southwestern territory and points east of the Missouri river, may be increased to an amount not exceeding 5 per cent of the division of the rate accruing to carriers in the official classification territory. If these increases involve a change in relationship under the long and short haul rule between intermediate points and more distant points outside of the official classification territory, relief from the fourth section of the act must first be secured by regular application."

"The European conflict doubtless will create an unusual demand on the world's loan fund of free capital and may be expected to check the flow of foreign investment funds to American railroads. Whatever the consequences of the war, we must recognize the fact that it exists, the fact that it is a calamity without precedent, and the fact that by it the commerce of the world has been disarranged and thrown into confusion."

Commissioner Harlan wrote the decision. Clements declared the advance to be simply a "war tax for the exclusive benefit of the railroads." He said he doubted the legality of the increase adding that the "carriers are now suffering for want of freight to haul rather than for higher rates. It would not seem out of line with ordinary prudence prevailing in other lines of industry if the carriers had undertaken to meet this apparently temporary situation as have others."

—Miss A. M. Havens, Public Stenographer, Chamber of Commerce, City Hall. Copying and direct typewriting solicited.

**Mayortena Halts Fire on  
Border Line Battlefields**

DOUGLAS, Ariz., Dec. 18.—Instead of winning a victory, as was claimed, the Carranza force operating between Cahuta and Cima, Sonora, were defeated by the Mayortena detachment sent against them, according to reliable reports received. Out of the 250 Carranza troops sent south under Captain Canon, fewer than seventy-five have returned to Agua Prieta.

EL PASO, Tex., Dec. 18.—An official one which had come from the ranza forces had captured San Pedro de las Colonias and were moving to attack Torreon.

From Villa agents here came a denial that any fighting had occurred.

NAC0, Ariz., Dec. 18.—Peaceful solution of the Naco trouble, in which five persons have been killed and forty-seven wounded on the American side, now depends upon the success of Brigadier General Hugh L. Scott's personal influence upon the two Mexican commanders.

Governor Mayortena, whose Villa troops have for ten weeks besieged the town of Naco, Sonora, where General Hill with his Carranza force is entrenched, is determined to continue the siege, according to the best information of United States army officials here.

Hill bombarded Mayortena's trenches as usual yesterday, but received no reply. However, the customary number of "stray" bullets crossed to the American side. Under orders, army officers investigated four of these.

Brigadier General Tasker H. Bliss, commanding the troops here, made a further effort yesterday to learn more of Mayortena's plans.

A telegraph line, connecting the United States army camp with the commercial office in Naco, was completed yesterday. The telephone system connecting the camp with bombproofs is being extended and other work started in preparation of a lengthy stay.

A squadron of cavalry under Major Dale will be stationed today at the Warren ranch, four miles east of here. They will extend the present border operations of the army in an effort to discourage violations of neutrality.

As a precautionary measure the hospital corps will begin the vaccination of all United States soldiers, probably today, because of the two cases of smallpox found among civilians here Tuesday. No new cases have been reported.

**SIX LIONS ESCAPE IN  
NEW YORK THEATER**

Audience in Panic; 1 Man Shot in Back, 1 Lion Killed, Others Are Finally Corralled

NEW YORK, Dec. 18.—The curtain had just fallen on a troupe of six performing lions in the Eighty-sixth street theater yesterday afternoon. The house was in darkness, when from behind the curtain came a woman's shrill scream and then the low snarl of a lion. Instantly the lights flashed on when a shaggy head was lifted above a box rail on the left side of the stage and a lion bounded over. With cries of fear those in the audience turned and fled through exits as a beast after beast bounded into the throng.

All but one of the lions kept to the inside of the theater and were rounded up in the lobby. Alice, the one that reached the street, was caught between the fire of two squads of policemen and riddled with bullets. In the fusillade Sergeant Daniel Glenn was shot in the back. His condition is critical.

The lion which was slain was valued at \$1000. The other animals were easily corralled after the excitement.

**VICE-PRESIDENT IS TO  
SPEND XMAS IN ARIZONA**

PHOENIX, Ariz., Dec. 18.—Vice-President and Mrs. Thomas Marshall will arrive in Phoenix on December 23 to spend Christmas with Mr. and Mrs. W. E. Kinsey of Scottsdale, Mrs. Marshall's parents. They expect to remain in Arizona during the congressional recess.

**TWO MEN DEAD IN  
REVOLVER DUEL**

Patrolmen and Bank Holdup Shoot Simultaneously With Fatal Result

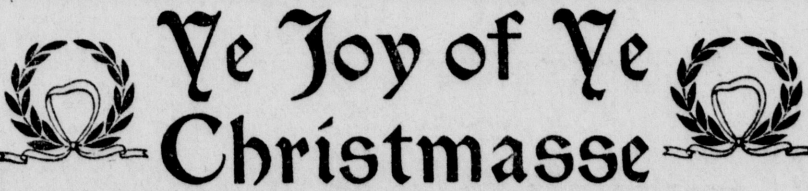

CINCINNATI, Dec. 18.—Patrolman Knaut died today of a wound received yesterday in a revolver duel with Frank J. Hohl, a notorious bandit who had stolen \$13,700 from two banks. Hohl died yesterday. It is believed that Hohl gave the loot from the banks to a female accomplice.

Hohl had held up two banks earlier in the day, escaping with his booty, which was all in cash. He was fatally wounded in the duel. His pocketbook contained a card bearing the name of Fred Walker.

The bandit entered the Provident Savings Bank and Trust Company yesterday morning, knocked down a customer, fired twice at Manager Hughes, seized \$8000 in cash and fled in an automobile after Hughes had returned his fire ineffectually. Later Hohl robbed the Liberty Banking Savings Company. Knaut encountered the alleged bandit as he was leaving a lodging house later. The two men fired simultaneously and the satchel in which Hohl carried away the money he had stolen, was found later but it was empty.

**HE IS NOW REAL CHIEF**

SAN FRANCISCO, Dec. 18.—The State Railroad Commission has announced the appointment of Richard Sacke as chief engineer for the commission. He has been acting chief engineer for more than a year.

**DEATH STRUGGLE  
FOR HISTORIC  
WARSAW**

800,000 Germans Press Slavs  
Toward Polish Capital Less  
Than 30 Miles Distant

**ALLIES SUCCESSFUL IN  
OFFENSIVE IN WEST**

Capture German Trenches;  
Two British Destroyers Sunk;  
German Cruiser Lost

LONDON, Dec. 18.—Terrific fighting is developing today less than thirty miles from Warsaw. There is apparently no question that the Slavs are retreating though Petrograd advisers have maintained that this is taking place for strategic reasons. To military authorities it is evident that the struggle for the possession of Warsaw is nearing a climax. Eight hundred thousand Germans are reported as engaged in the supreme struggle.

French reports claim the continued success of the allies in the western zone. They assert that the Germans have abandoned certain trenches and dynamited others. There was no official statement by the war office here, but the atmosphere is optimistic.

A Berlin wireless message says that the war office has issued a formal statement that 1800 French have been killed and 2200 captured in a fight between Labasse and Arras on either side of the River Somme.

A general celebration continued to-night in Berlin in honor of the reported victory in Poland, the British experts claim this is premature, since the great battle raging today near Warsaw in which much of advantage might be gained in the struggle for Poland, might be lost. It is admitted, however, that the German position has greatly improved and if the Germans are victorious in the present engagement their advantage will be tremendous.

PARIS, Dec. 18.—Continued successes of the allies in Belgium and northern France were reported today in a communication from the war office. The offensive has been vigorously maintained by the allies and many German defenses were captured, the report said. In the vicinity of Blangy the first line of the Kaiser's trenches are said to have been taken along the front for more than five-eighths of a mile.

PETROGRAD, Dec. 18.—Reports of the sinking of the German cruiser Friedrich Karl recently in the Baltic, have been officially confirmed by the war office. It is asserted the cruiser struck a mine. Four hundred of the crew perished and 200 were saved.

BERLIN (wireless to London) Dec. 18.—The sinking by the Germans of two British destroyers occurred during the recent raid on the British coast when our cruisers were attacked by four English torpedo boats and destroyers. "One of these was destroyed and another disappeared badly damaged. Elsewhere another British destroyer was sunk."

**SCHOOLHOUSES SOCIAL  
CENTERS, SAYS WEBB**

SACRAMENTO, Dec. 18.—Attorney-General Webb today gave the opinion that every school house in the state is a civic center wherein citizens may engage in political, educational, economical, artistic and moral discussions.

The opinion was given at the request of District Attorney Hynes of Alameda county. The question had arisen whether or not school houses might be used for political meetings.

**ANGEL CITY WANTS  
WILSON AS GUEST**

President Pleased; Sec'y Daniels, Invited, Says Acceptance of Both is Likely

WASHINGTON, Dec. 18.—Representative Stephens, with I. B. Dockweiler and W. H. Booth, as a committee of the Chamber of Commerce, yesterday presented a formal invitation to President Wilson to visit Los Angeles when he goes through the Panama Canal next spring. President Wilson was much pleased and said his itinerary was not completed. Later the committee extended a like invitation to Secretary of the Navy Daniels. Secretary Daniels practically assured the committee that the President and himself would visit Los Angeles and San Diego en route to San Francisco.

Call at Wingood's for Xmas Gifts.

HUNTINGTON BEACH  
**PROF. EVERETT  
IS IMPROVING**  
Man Who Suffers Burns is  
Reported Getting Better;  
Still in Danger

Complaint is Made to City  
Trustees Concerning Light-  
ing Company Matters

HUNTINGTON BEACH, Dec. 18.—  
Reports from the bedside of Prof. A.  
W. Everett who was badly burned at  
his home last Saturday evening when  
a gasoline stove exploded, indicate  
that there is now some hope for his  
recovery, although he is by no means  
out of danger.

Ed. Fleming, residing northwest of  
Wintersburg died Monday of periton-  
itis and was buried from the Winters-  
burg church Wednesday afternoon un-  
der the auspices of the Odd Fellows'  
lodge of Huntington Beach.

Complaints have been lodged with  
the board of city trustees against the  
Pacific Light and Power Corporation  
because of the failure of the company  
to make extensions to accommodate  
those who have built within the past  
year or less and who have had their  
houses wired for electricity. Four  
houses within the limits of four ad-  
jacent blocks are unable to use elec-  
tricity for this reason. The city clerk  
was instructed to make investigation  
as to the number of additional houses,  
if any, that are without electric ser-  
vice and to report at the next meet-  
ing of the city trustees. A further  
complaint from Mr. Nutt as clerk of  
the High School board called attention  
to the impossible requirements for  
furnishing power for a fan motor in  
connection with the high school fur-  
nace. However, the company has  
since signified its willingness to make  
arrangements with the high school  
authorities.

An interesting institution of the  
high school was observed Thursday.  
It is known as Farmers' Day and is  
an annual event at the school. Cus-  
tomary garb is dispensed with for the  
day. The girls come in kitchen aprons  
and the boys in all sorts of outlandish  
costumes. Instead of carrying on the  
regular school work the day is de-  
voted to improving the buildings and  
grounds, building needed furniture and  
cases for the equipment of the school  
and doing other things of this sort.  
Part of the girls prepare the lunch  
which comes out of a common fund  
and all enjoy lunch together in the  
high school cafeteria. After lunch  
this time a program was held followed  
by an auction of all the lost articles  
turned in during the past year with-  
out being claimed. Bidding was lively  
and the Student Body treasury netted  
\$6.61 as a result of the auction.

An interesting program was given  
at Seal Beach Wednesday evening by  
the Oratory and Music departments of  
the high school.

The championship basketball series  
between Huntington Beach and Fullerton  
will be played shortly after the

## DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to  
Take Salts and Get Rid  
of Uric Acid

Rheumatism is no respecter of age,  
sex, color or rank. If not the most  
dangerous of human afflictions it is  
one of the most painful. Those subject  
to rheumatism should eat less meat,  
dress as warmly as possible, avoid  
any undue exposure, and, above all,  
drink lots of pure water.

Rheumatism is caused by uric acid  
which is generated in the bowels and  
absorbed into the blood. It is the func-  
tion of the kidneys to filter this acid  
from the blood and cast it out in the  
urine; the pores of the skin are also  
a means of freeing the blood of this  
impurity. In damp and chilly, cold  
weather the skin pores are closed,  
thus forcing the kidneys to do double  
work, they become weak and sluggish  
and fail to eliminate this uric acid  
which keeps accumulating and circu-  
lating through the system, eventually  
settling in the joints and muscles caus-  
ing stiffness, soreness and pain called  
rheumatism.

At the first twinge of rheumatism  
get from any pharmacy about four  
ounces of Jad Salts; put a tablespoon-  
ful in a glass of water and drink before  
breakfast each morning for a week.  
This is said to eliminate uric acid by  
stimulating the kidneys to normal ac-  
tion, thus ridding the blood of those  
impurities.

Jad Salts is inexpensive, harmless  
and is made from the acid of grapes  
and lemon juice combined with lithia,  
and is used with excellent results by  
thousands of folks who are subject to  
rheumatism. Here you have a pleas-  
ant, effervescent lithia-water drink  
which overcomes uric acid and is bene-  
ficial to your kidneys as well.—Adver-  
tisement.

the east leaving Tuesday of last week.  
Wilfred Lewis has bought a forty  
acre ranch northwest of Smeltzer from  
Monroe Taylor.

Misses Mead and Halley, teachers  
of the Fountain Valley school at Tal-  
bert have arranged for a Christmas  
tree for the children of the school Fri-  
day afternoon, December 18th. A  
varied program will be given at that  
time.

The ocean has been unusually noisy  
the past few nights. Wednesday the  
white caps appeared quite angry. No  
serious damage, however, has been  
done along the shore.

The high school has elected de-  
baters for the second series of county  
debates as follows: Jessie Arnold,  
Clarence King, Aloys Sconle and  
Arthur Roberts.

**HABEAS CORPUS WRIT IS  
ASKED FOR LEO FRANK**

ATLANTA, Dec. 18.—The petition  
for a habeas corpus writ for the re-  
lease of Leo M. Frank, sentenced to  
hang January 22 for the murder of  
Mary Phagan, aged 14, was filed to-  
day in the Federal District Court. It  
was made on the ground that Frank  
was convicted without due process of  
law and is held illegally.

**WESTMINSTER  
NEWS BUDGET**

WESTMINSTER, Dec. 18.—Mrs.  
Frank Watrous of Palmdale, Antelope  
Valley, arrived Saturday for a month's  
visit with her parents, Mr. and Mrs.  
Harrison Frost.

Anson Burlingame and wife of  
Hendricksburg spent last week with W.  
B. McCoy and family. They left Sat-  
urday for Long Beach, where they  
will spend four months.

John Patterson spent Wednesday in  
Los Angeles at the home of his brother,  
Wm. Patterson, who is seriously ill.

Miss Lois Smithling spent Saturday  
and Sunday in Los Angeles.

Miss Pansy Knoll spent the week-  
end in Los Angeles.

Miss Henrietta Dickey entertained  
her friend, Miss Ellen Dobson, of  
Huntington Beach, for the week-end,  
at home. Cookman and Finus Com-  
mons of Los Angeles were Sunday vis-  
itors at the J. Murdy home.

Miss Florence Grant was on the sick  
list for a week, but is much improved.

Mrs. Charles Fuller and son, Doyle,  
and brother, Robert Cavanah, were  
Los Angeles visitors Saturday and  
Sunday.

The boulevard is now open from  
Seal Beach to Santa Ana.

The work on the new school build-  
ing has been stopped on account of  
the rain.

Mrs. Eva Dickey entertained her  
brother-in-law, Samuel Dickey of Co-  
rona, over Sunday.

Mrs. O. J. Day entertained the Mis-  
sionary Societies of the Methodist  
Church on Thursday.

The Happy Workers cleared about  
\$70 with their bazaar held on Friday  
evening. On account of the rain,  
there were not as many present as  
was expected. The money will be  
used for the benefit of the Presbyte-  
rian Church.

Call at Wingood's for Xmas Gifts.

## HIGH TIDES DO DAMAGE ALONG COUNTY COAST

Waters This Morning Added to  
Troubles of Yesterday;  
Houses Wrecked

Damages done along the Orange county coast by high tide yesterday morning was added to by the high tide of this morning.

Houses that were damaged yesterday were further damaged today. In this county probably the most damage was done to houses below Balboa.

Today the Pacific Electric had two crews of men near Huntington Beach guarding the tracks. A report is that no serious damage was done to the tracks today.

**Damage at Balboa**  
The following is a report of yesterday's damage along the coast in this county:

In the wake of a forty-five-mile gale, the tide rose to unprecedented height at Balboa Beach yesterday morning, broke over the bulkheads, cut 100 feet off the tip end of the peninsula, inundated Collins Island, damaged or wrecked a score of residences and receded, leaving many thousands of dollars damage in its wake.

With waves fifteen feet high pounding against the bulkheads, the water broke in scores of places across the peninsula. The damage was especially pronounced near the spit end of the peninsula. There the attractive beach home of former Senator R. N. Buila of Los Angeles was undermined and fell in ruin. It was valued at \$10,000. The \$5000 residence of Charles J. Hill was demolished as great waves followed one another in the assault on it.

"The worst storm in history," said

### CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief  
from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—relief comes so quickly.—Advertisement.

W. W. Wilson, a pioneer resident of the beach city.

Throughout Wednesday night the wind blew "great guns," rising toward morning to a velocity of forty-five miles. Then, just before daylight, it lulled to a calm. A rising tide and mammoth breakers followed.

South of Main street the bulkhead was cut away. From there on to the end of the peninsula there was destruction at every step. At the beach home of P. Sumner Brown of Los Angeles, the garage was lifted and thrown against the house, doing damage to both. The bungalow court owned by F. W. Abbott of this city was also slightly damaged, some of the houses being undermined. The beach residence of Captain J. W. Underwood of Riverside was partially undermined.

On Collins Island the tide rose to the floors of some of the houses, but the absence of high waves kept the damage to a minimum. Between Seal Beach and Sunset Beach the Pacific Electric put in 5000 sacks of sand to prevent the line from being cut in two, while the fine grounds of the beach home of F. O. Engstrom at Newport were practically ruined by washing sand. During the height of the storm a gas main in Balboa Beach was severed and the town left without gas for light or fuel.

### ORANGE

## THE EASTERN STAR HAS INSTALLATION

(By Staff Correspondent)

ORANGE, Dec. 17.—Installation of their recently elected officers was held last evening in Masonic hall by Chapter, O. E. S. of Orange.

The hall was daintily decorated for the occasion and in spite of the threatening weather a good attendance turned out for the ceremonies, which were followed by a delicious banquet. Mrs. E. B. Peers, retiring Worthy Matron, presiding as installing officer. Mrs. J. S. Braisher acted as marshal. Officers were installed as follows: Mrs. Louise Bradshaw, W. M.; W. A. Knuth, W. P.; Mrs. Annie Knuth, A. M.; Mrs. D. A. Prince, secretary; Mrs. C. Lyons, treasurer; Mrs. Adelaide Robertson, conductress; Mrs. Anna Chapline, associate conductress; Miss Lulu Evans, chaplain; Miss Mildred Peers, marshal; Mrs. Daisy Richards, organist; Miss Sophia Nobs, Adah; Mrs. May Dennis, Ruth; Miss Hattie Nobs, Esther; Mrs. C. Smith, Martha; Mrs. Louise Domann, Electa; Mrs. Emma Honadel, warder; E. B. Peers, sentinel.

Mr. and Mrs. T. N. Knight, who will soon leave to make their home near Bakersfield were recipients of a farewell surprise party last night at their home on West Palmyra avenue.

The evening was delightfully spent with various pastimes and games. The guests brought refreshments with them and toward the close of the evening they served sandwiches, assorted cakes, coffee and mints.

The following were present: Mr. and Mrs. U. S. Rhodes, Mr. and Mrs. R. L. Precht, Mr. and Mrs. W. T. Syster, Mr. and Mrs. Roy Melton, Mr. and Mrs. George A. Shoemaker, Miss Gladys Shoemaker, Mrs. Lee Parker

# HOLIDAY GIFTS

of Clothing and Haberdashery for Men and Boys

Christmas will soon be a reality, the more useful the present—the more it will be appreciated—the more he'll enjoy it. ## Merigold Bros.

I. O. O. F. Building 309 North Main Street

and daughter, Mr. and Mrs. T. N. Knight.

A quilting "bee" took place yesterday at the home of Mrs. T. N. Knight on West Palmyra avenue where a group of ladies gathered and spent a most enjoyable as well as industrious day.

An intermission from their labor was taken at midday and the guests were served with a splendid dinner. The following were present: Mrs. Ross Miller, Mrs. C. Bailey, Mrs. Frank Knight, Mrs. George A. Shoemaker, Mrs. W. T. Syster, Mrs. Ray Melton, Mrs. Lee Parker and Mrs. T. N. Knight.

Floyd Pierson, son of Mr. and Mrs. W. R. Pierson, leaves this afternoon for Wasco for an indefinite stay.

Miss Louise Buer is clerking at the F. E. Hallman store during the Christmas holidays.

Earle Pine and William Samis were down from Los Angeles last night, returning this morning.

Last night's storm amounted to 1.29 inches, bringing the total rainfall for the season to 6.70 inches.

Miss Anita Willets was a visitor in Los Angeles today.

Mrs. E. F. Siegfried of Wasco, who has been visiting relatives in this vicinity for about two weeks, leaves today for her home.

Eugene Small left yesterday for Murietta to spend a few days with his parents.

Miss Eileen Everett of Palo Alto is at home to spend the Christmas vacation.

Leonard Kingsbaker of Los Angeles is here on business today.

### EBERFELD THINKING HORSE KILLED IN WAR

PARIS, Dec. 18.—The famous thinking horse of Eberfeld has been killed on the battlefield. He was attached to a German battery.

The thinking horse of Eberfeld has been the subject of much investigation by scientists and scientific societies. Under the guidance of his owner, Herr Krall, he appeared to be able to spell and to solve difficult mathematical problems, including the extraction of square and cube root. Maurice Maeterlinck, the great Belgian author, investigated him and became so convinced of the horse's extraordinary reasoning power that he wrote an article about him, published last June, in which he said:

"I could not have been more astounded if I had heard the dead speak. One felt ashamed of the long injustice toward animals by human beings."

### CONVICTS HAVE HOPE IN A "SANTA" BLEASE

COLUMBIA, S. C., Dec. 18.—With Christmas only a week off, convicts in the state penitentiary today were looking forward to the usual batch of holiday pardons from Gov. Cole Blease. He nearly emptied the "pen" with his pardons Thanksgiving, when he freed all varieties of criminals from "ifers" to "drunks." If the governor follows his usual custom at Yuletide, he will make the condition that the prisoners going out into the world abstain from the use of liquor. His record to date stands at close to 1500 pardons.

## VON SPEE TAKES INITIATIVE IN BATTLE

Underestimates Strength of  
Battleship Squadron of  
Admiral Sturdee

BUENOS AYRES, Dec. 18.—A mistaken estimate of the strength of British Admiral Sturdee's squadron cost German Admiral Von Spee his ships and life, according to the story told by officers of the steamship Crissa, arriving here yesterday with a full account of the battle. Admiral Sturdee's ships put into port at Stanley, Falkland Islands, to coal. The fleet consisted of two battleships and four cruisers. Sturdee found the battleship Canopus. On the morning of December 8 the smoke of Von Spee's squadron was seen. The Germans were apparently coming to destroy the British wireless station there, and continued on their way even when they saw the British fleet, apparently underestimating its strength. The Germans formed in battle line with the Dresden and the Nürnberg at the extremities, where they would have a better chance to escape, owing to their speed.

The Leipzig was the first German ship sunk. The Glasgow sent her to the bottom in short order. The British fire was then centered on the Scharnhorst, Von Spee's flagship. The Scharnhorst was soon afire but refused to surrender, and sank bow foremost with her guns still firing. The Gneisenau continued the fight alone for two hours. When she finally sank she was afire and all her guns were silenced. The Nürnberg was run down and sunk eighty miles from the scene, but the Dresden escaped. The sinking German cruisers left their colliers unprotected. They refused to surrender. The British fired, sending them to the bottom.

British losses are placed at eight killed and four wounded. Only ninety-four Germans are reported to have been saved. When the action began, the British fleet had not finished coaling. The crews were compelled to use lifeboats and other wood for fuel. The British guns are reported as being much heavier than those of the Germans.

### FUNSTON SEES NEW BABY DAUGHTER FIRST TIME

SAN FRANCISCO, Dec. 18.—Major General Funston saw for the first time today a daughter born to him while he was in command at Vera Cruz.

The general arrived here yesterday on a furlough which began December 6 and will last until February 6. His wife and family have been living at the presidio here, and he will take up his residence there during his stay.

Many suggestions at Wingood's.

## THE GREAT EUROPEAN WAR

THE FIRST AND ONLY AUTHENTIC MOTION PICTURES OF

The first motion pictures of actual battles in the great European war have been brought to Santa Ana—4 reels of sensational scenes of the Belgian battlefields, showing The Burning of Antwerp, The Destruction of Termonde, The Battle of Alost, The Battle of Aerschot, The Flooding of Lierre and the Battle of Malines.

PRICES:—10c, 20c and 30c

Matinees at Two O'clock

These remarkable motion pictures were taken by Edwin F. Weigle, Staff Photographer of The Chicago Tribune, who has just returned from Europe. They bring to you, in all the action of actual battle, the terrible scenes which were enacted in Belgium during September and October. They show the blowing up of buildings, the patriotic soldiers fighting from trenches, the operations of machine guns, artillery, armored motor cars—all the thrills of genuine warfare.

Taken by Edwin F. Weigle, Staff Photographer of The Chicago Tribune, the world's greatest newspaper.

### MORE HOG AND LESS DOG

This country doesn't especially run to either hogs or dogs. But in passing he it said that Orange County might run more to hog to its material advantage. However, taking the hog and the dog as antipathetic symbols, a wholesome lesson may be learned from them.

Back in Texas, that original and forceful genius, Col. Lee J. Roundtree, editor of the Georgetown Commercial, has organized the "More Hog and Less Dog Club."—And in that country, where hogs and dogs are the staff of life, so to speak, it seems that they don't supplement each other very effectively, industriously speaking. If a man runs to dogs, he isn't very strong on hogs, and a good hog man hasn't much time or inclination for dogs.

Now the dog is all right as far as he ought to go in the scheme of human life; but, broadly speaking, he is the symbol of unthrift, of idleness and waste. On the other hand, the hog, while not exactly a parlor ornament or the embodiment of an aesthetic ideal, is the symbol of thrift, of industry and conservation. The hog suggests waving fields of corn and green pastures of alfalfa. While his smell at the swill trough is not especially inviting his perfume in the pot or the pan is particularly pleasing.

In Texas, of course, the "More Hog and Less Dog Club" amuses and entertains principally to the farmer; but in its symbolic sense it goes far afield and becomes all-embracing. The farmer, whether in Texas or elsewhere, is not the only man who has been raising too many dogs and too few hogs. Many town men in good times allow their savings to go up in smoke and riotous living, saving nothing for the lean, tank, dark and rainy days. Too many men expect to follow in the footsteps of the idle rich, who do not work, build factories or mills or follow business or agricultural pursuits. They loan their money, rent their buildings and clip their coupons instead of building something for the prosperity of the whole people. The "More Hog and Less Dog Club" is not intended for the farmer alone; it is a club for everybody; and is needed to stop wastefulness and extravagance, and to teach men to labor more earnestly and successfully. The high cost of living has slain its thousands, while the cost of high living has slain its tens of thousands.

As emphasizing the usefulness of Col. Roundtree's unique club comes this item from the Temple (Tex.) Telegram:

We have a wireless from Lee J. Roundtree, of the Georgetown Commercial, announcing that he recently a worthless dog killed nine turkeys for A. J. Engvall, a well-known farmer, and he came to town and wanted to join the "More Hogs and Fewer Dogs" club. Converts are coming in every day.

And as an example of the factious facilities afforded by the club the following item from Col. Roundtree's own paper is submitted:

Col. Luke McLuke of the Cincinnati (Ohio) Enquirer says: "We are unalterably and violently opposed to the 'More Hog and Less Dog' Club recently launched by Col. Lee J. Roundtree of the Georgetown (Texas) Commercial. A dog can gracefully ride with mildity in an automobile, while a hog thus stationed would resemble a d-d fool." Well, on the same hypothesis, Col. McLuke could eat tamales instead of good country sausage. We make tamales out of automobile-riding dogs and sausage out of 250-pound Poland China pigs. Every person to his own taste.

### HAS CHRISTIANITY FAILED?

Has Christianity failed? Has our civilization broken down? These and similar questions are constantly on men's lips these days. Last Sunday a Santa Ana preacher—probably several of them—raised the question as to Christianity in his sermon. The logic of the one preacher seemed to contend that not the failure but the success of Christianity was

the cause of the great war in Europe. He said that life and humanity was the old wineskin which the new wine of Christianity had burst asunder.

Several years ago Mark Twain scoured the Christian money changers in these words:

The gospel of peace is always making a deal of noise, always rejoicing in its progress, but always neglecting to furnish statistics. There are no peaceful nations now. All Christendom is a soldier-camp. The poor have been taxed in some nations to the starvation point to support the giant armament which Christian governments have built up, each to protect itself from the rest of the Christian brotherhood, and incidentally to snatch any scrap of real estate left exposed by a weaker power.

Within the last generation each Christian power has turned the bulk of its attention to finding out newer and still newer and more and more effective ways of killing Christians and, incidentally, a pagan now and then; and the surest way to get rich quickly in Christ's kingdom is to invent a kind of gun that can kill more Christians at one shot than any other existing kind. The more advanced they are the bigger and more destructive engines of war they create.

This is a pretty severe arraignment of Christianity, but practically everyone will admit its truthfulness. The only way to discredit it will be to bring the fundamental doctrines of our common belief into our living as well as our preaching, and into national as well as individual life.

### 'Bob' Burdette's Best Editorial

Reprinted Here as a Christmas Season Sentiment

There are two days of the week upon which and about which I never worry. Two care-free days, kept sacredly free from fear and apprehension.

One of these days is yesterday. Yesterday, with all its cares and frets, with all its pains and aches, all its faults and blunders, has passed forever beyond the reach of my recall. I cannot undo an act that I wrought; I cannot unsay a word that I said on yesterday. All that it holds of my life, of wrongs, regret and sorrow, is in the hands of the Mighty Love that can bring the honey out of the rock, and sweet waters out of the bitterest desert—that love that can make the wrong things right, that can turn weeping into laughter, that can give beauty for ashes, the garment of praise for the spirit of heaviness, joy of the morning for the woe of the night.

Save for the beautiful memories sweet and tender, that linger like the perfume of roses in the heart of the day that is gone, I have nothing to do with yesterday. It was mine; it is God's.

And the other day I do not worry about is tomorrow. Tomorrow with all its possibilities, adventures, its burdens, its perils, its large promise and poor performance, its failures and mistakes, is as far beyond the reach of my mastery as its dead sister, yesterday. It is a day of God's. It's sun will rise in rosyate splendor, or behind a mask of weeping clouds. But it will rise. Until then, the same love and patience that held yesterday and hold tomorrow, shine with tender promise into the heart of today. I have no possession in that unborn day

of grace. All else is in the safe keeping of the Infinite Love that holds for me the treasure of yesterday. The love that is higher than the stars, wider than the skies, deeper than the seas. Tomorrow—it is God's day. It will be mine.

There is left for myself then, but one day of the week—today. Any man can fight the battles of today. Any woman can carry the burdens of just one day. Any man can resist the temptations of today. O friends, it is only when the burdens and cares of today carefully measured out to us by the Infinite Wisdom and Might that gives with them the promise, "As thy day, so shall thy strength be." We willfully add the burdens of those two awful eternities—yesterday and tomorrow—such burdens as only the mighty God can sustain—that we break down. It isn't the experience of today that drives men mad. It is the remorse for something that happened yesterday, the dread of what tomorrow may disclose.

These are God's Days. Leave them with Him.

Therefore, I think, and I do, and I journey but one day at a time. That is the easy day. That is the man's day. Nay, rather, that is our day—God's and mine. And while faithfully and dutifully I run my course, and work my appointed task on that day of ours, God the Almighty and All-loving takes care of yesterday and tomorrow.

### ROCKEFELLER FOUNDATION TO BE INVESTIGATED

NEW YORK, Dec. 18.—Officers of the Rockefeller foundation met in consultation yesterday afternoon, following the publication of the pending investigation which the federal commission on industrial relations will make into all the larger foundations chartered as philanthropies. Nothing was said after the meeting which would shed any light as to the steps the foundation will take to meet the investigation, which is to commence here on January 11.

At the meeting besides Mr. Green was also Star J. Murphy, personal counsel to John D. Rockefeller, and others closely associated with the interests of the foundation. Though there has been a previous effort to gain information regarding the workings of the foundation, the uses to which it put its vast and ever-increasing resources, today's announcement that it would be under further scrutiny came suddenly and as a surprise to its officers.

Many ideas at Wingood's.

### JOAQUIN MILLER ESTATE IS VALUED AT \$41,996

OAKLAND, Dec. 18.—An inventory of the estate, filed with the Superior Court yesterday by Mrs. Abbie Leand Miller, widow of Joaquin Miller, showed that the poet of the Sierras left real property valued at \$41,996, besides cash and other assets. The widow and her daughter, Juanita Miller, are the sole heirs.

Wingood's Drug Store for Gifts.

### GLOBE-GIRDLING AERO RACE IS OFF

SAN FRANCISCO, Dec. 18.—Arnold Kruckman has returned to San Francisco, after having completed a tour of the world. He was engaged by the Panama-Pacific International Exposition to arrange for an aerial race around the world in 1915, as one of the big features of the exposition.

Owing to the existing conditions in Europe and parts of the Orient, as a result of the world-wide war, the exposition management was forced to abandon the race, as the greater part of the course was necessarily through the countries engaged in war.

Low prices Wingood's Drug Store.

### REDLANDS MERCHANTS WANT 2 DAYS' VACATION

REDLANDS, Dec. 18.—Redlands merchants are discussing the advisability of a two days' vacation January 1 and 2, to permit merchants and clerks to attend the exposition opening at San Diego or the Tournament of Roses at Pasadena. By taking Saturday as well as New Year's as a holiday there is a three days' vacation, including Sunday. Several merchants have signed a petition favoring the closing.

DR. C. H. BROOKS HAS REMOVED HIS OFFICE TO ROOMS 209-9-10, SPURGEON BUILDING.

The best candy made and packed in any size or quality of box. Prices, 25 cents to \$10. Taylor's, 216 West Fourth street.

When downtown stop at Taylor's for lunch any time of day. It is always good and it is CLEAN.

Many suggestions at Wingood's.

### HOUSE BILL TO CARRY HARBOR APPROPRIATION

WASHINGTON, Dec. 18.—The river and harbor bill as the house committee will report it contains an appropriation of \$75,000 for the maintenance of the Los Angeles harbor. A survey of Dominguez channel also is authorized. Nothing was allowed for new work either in Los Angeles or any other harbor in the country.

### DIED

BLAUER—In Santa Ana, Thursday, Dec. 17, 1914, Mrs. F. C. Blauer, aged 36 years.

Funeral arrangements are held up pending the arrival of her sister from Kansas City.

DUGAN—In Orange, Thursday, Dec. 17, 1914, B. P. Dugan, aged 65 years. Funeral services will be held Saturday, Dec. 19, at 10:30 a. m., from the family residence, 413 South Grand avenue, Orange.

## LITERARY TEA

Ladies of the Methodist Church South Had Most Enjoyable Meeting Yesterday

The Woman's Missionary Society of the M. E. Church South held its monthly tea and literary meeting combined in the church parlors on Wednesday afternoon. The following program with Mrs. T. J. Haughton as leader, was rendered:

Song by members, "The Whole Wide World for Jesus;" devotionals, Mrs. J. W. Vawter; Bible readings, Mrs. Sweet and Mrs. Daniels; reading, Mrs. J. C. Gilbank; A Survey of the World's Needs, Mrs. Edward Gray; A Survey of the World's Victories, Mrs. E. B. Covington; vocal solo, Mr. Elbert Jones; reading, Mrs. Charles McNaught.

After the close of the program the refreshments committee composed of Mesdames J. A. Turner, J. W. Vawter, C. E. Martin and Page, invited the ladies to the basement where on long tables, tastefully decorated with green smilax and scarlet geraniums, dainty refreshments were spread.

This meeting marked the close of a unique and interesting contest inaugurated by the president, Mrs. W. T. Kirvin, six weeks ago. Under the able generalship of Mrs. A. N. Zerman and Mrs. J. C. Gilbank the two companies of ladies waged a friendly war for points in which attendance, good lessons, calls and gaining of new members were the winning shots. The losing side is to entertain the winners with a banquet.

In the contest just closed Mrs. Gilbank scored 19,210 points and Mrs. Zerman's score ran to 29,330 points.

## Neighborhood Circle

The Neighborhood Circle Club was very delightfully entertained on Thursday by Mrs. Fred Schroeder and her daughters, at their home on North Lincoln street. Twenty-four ladies were present, the guests of the club being Mrs. Witt of West Orange, Mrs. Alvin Clifford of Tulsa and Mrs. Looze, who has arrived from Minnesota and visiting Mrs. W. Hofer.

After an hour spent over dainty Christmas work a guessing game proved a pleasant diversion. Misses Lily and Ida Schroeder then served dainty refreshments. The next meeting will be held at Miss Nellie Rohrs.

## To Give Christmas Cantata

The choir of the First Christian church under the leadership of Miss Anna Witt, will render the Christmas Cantata, "Prophecy and Fulfillment," on next Sunday evening at the usual hour for church services. All are invited to hear this beautiful cantata.

## In Your Christmas Stocking

you will find contentment and happiness if you can look back upon

## SHOPPING EARLY.

More than that, you will have added to the Christmas joys of the clerks, deliverymen, etc., who have to work so much harder when folks put off their shopping until the last moment. Besides,

## It Pays to Shop Early

### GERMAN CLUB MEETING

Playlet in German is Produced by Quartette of Clever Club Members

The December meeting and Christmas party of the German Club of the Polytechnic high school was held yesterday afternoon at 220 Cypress avenue. The rooms were beautifully decorated with boughs of pepper trees and poinsettias. A large Christmas tree, adorned in true German style, filled one corner of the dining room.

Miss Gerna Nimmo gave an interesting account of German Christmas customs and during her talk explained that practically all of our holiday customs were "made in Germany." Christmas songs, "O Tannenbaum," "Stille Nacht," and "O Du Frohliche," were sung by the club members.

One of the most interesting and enjoyable features of the evening was a German play, "Ein Knopf" ("a button") given by the following cast: Dr. Rudolph Bingen, Harold Holzgrafe, Gabrielle Bingen, Unice Jones, Dr. Karl Blatt, Ulysses Shauer, Bertha Maller, Evelyn Gall. Each part of the charming playlet was well taken by the four people in the cast and their work received great applause.

Members of the club had drawn names to determine for whom should be brought "josh" presents so that the presents were especially adapted to the recipients and created a great deal of amusement.

Refreshments of "schokolade," "kuchen" and other German delectables were served. After singing a few more songs the club adjourned until its December meeting.

Daughters of Dorcas of the First M. E. church met at the home of Miss Helen Stanley last night. The evening was spent pleasantly in games and music, and confections and nuts were served by Miss Stanley at the close of the evening.

Those present besides the hostess were Misses Pauline McElree, Gladys Smith, Blanche Anderson, Edna Sherwood, Leona Peters and the teacher of the class, Mrs. Ed Warner.

## PLEASANT SCHOOL EVENT

Choice Program; Christmas Tree; Mothers Guests of Lincoln School Teachers

The teachers were the guests of the mothers at the meeting of the Parent-Teacher's Association of Lincoln school yesterday afternoon. For them the choicest of performances was given and a Christmas tree prepared and in their honor delicious refreshments of cream and cake were served. The members of the refreshment committee were Mrs. W. M. Smith, Mrs. Langly, Mrs. Harvey, Mrs. Martin, Mrs. Staff and Mrs. Egge.

During the business session the Belgian relief committee reported that with only one day's notice the pupils had brought in over two hundred pounds of beans, rice, nuts, etc.

The committee appointed to investigate unsanitary conditions menacing the school reported that improvements needed had been made promptly by the city.

Prof. Montgomery for the high school outlined the plans for the night school to be opened on January 4 for those over 16 who desire instruction. Courses especially suited to teachers were spoken of, such as story-telling and first aid to injured. There will be no grades, credits, examinations or charges—just instruction—the ideal way to teach.

The roll call of mothers gave the picture to the fourth grade by a very narrow margin. The children are all interested in this. The following program was then given: Piano solo, "The Flatterer" (Chamblade), Mrs. Isaacson; reading, "King Solomon of Kentucky" (James Lane Allen), Mrs. Clarkson; song, "Birthday of a King" (Neidlinger), Mrs. Ella Fyffe; talk on books for children up to sixth grade, Miss McFadden, public librarian; music, "Fairy Bells, Mr. Garstang; chorus, "Holy Night," by the audience, led by Mrs. Crookshank. The thanks of the association are given to those who presented this program of which, it is needless to say, each number was perfect and most enjoyed.

Miss McFadden in an excellent paper explaining what books were suitable for children mentioned many that would be appropriate for Christmas presents. The mothers approved her idea that there could be and often was too much miscellaneous reading by children and that the good judgment needed to guide their selection should begin with the baby's picture books and should be especially urged during the fifth and sixth grades. She has kindly consented to have her paper published, so no more mention of it will be given now. It will be of benefit to all parents and teachers.

The center of the room was occupied by a fine Christmas tree, decorated with the bells, stars, rings and garlands of the kindergarten children and aglow with tiny electric lights, and here each teacher found her Christmas basket filled with "home-made candy made by the grade mothers and decorated with ribbon and holly. For the men boxes of candy were given. There was also found a present of dishes for the teachers' lunch room from Mrs. H. C. Davies. As the teachers have their own lunch room provided with gas stove and electric plate, most of them take their own lunch there, and presents of dishes for the table are very acceptable.

The president, Mrs. Crookshank, voiced the wishes of all for a happy Christmas and vacation time to the teachers, and a pleasant social hour concluded this happy afternoon.

## DOUBLE CELEBRATION

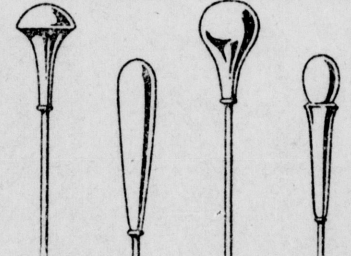

Wedding Anniversaries of Two Couples Observed Happily at West Orange

At the home of Mr. and Mrs. Joe Witt at West Orange, Mr. and Mrs. Witt and Mr. and Mrs. Ed Cahley entertained last evening with a sumptuous chicken dinner. The affair was given in celebration of the silver wedding anniversary of the Cahleys, and the sixth wedding anniversary of the Witts. Many beautiful gifts were received by the two couples.

The rooms were beautifully decorated with masses of holly in jars.

Give the boy a suit, overcoat, blouse, cowboy suit or Indian suit—and he will feel mighty proud.

# VANDERMAST & SON

## Personals

Mr. and Mrs. E. S. Morrow spent today in Los Angeles.

Harvey Gardner was a passenger this morning on an early Los Angeles-bound car.

William Overshiner, John Ball and Richard Waite are among University of California students who are early arrivals home for Christmas holidays. Their examinations happened to come early. Other students from Berkeley will be here in a day or two.

City Clerk Joe Burke made a forenoon trip to Los Angeles.

Miss Mamie Wall spent today in the Angel City.

Among the most interested people at the play at the Grand last evening were Mr. and Mrs. L. A. Schlessinger of the Temple Theatre. May Robson is Mr. Schlessinger's cousin.

A. R. Ross, who has been visiting his sister, Mrs. R. E. Dickinson, has returned to his home in Los Angeles. The Fred Mansurs and C. F. Mansur are spending a week at Laguna Beach.

Mr. and Mrs. Robert Paine and Miss Elizabeth Easton are in Los Angeles today to witness the graduation of Miss Elizabeth Paine, who completes a special art course at the Los Angeles Normal school.

Mr. and Mrs. E. D. White left today for Dillon, Montana, to spend the Christmas holidays.

Mr. and Mrs. W. H. Sutton of Boone, Iowa, who have been spending five weeks with Mr. Sutton's brother, S. W. Sutton, have started for their middle western home, greatly delighted with their stay here.

Miss Faith Sayre is at home from Los Angeles Normal, the Christmas vacation being on.

Miss Emily Cox boarded an early car for Los Angeles this forenoon.

R. E. Miles was a business visitor to Los Angeles today.

G. J. Mosbaugh boarded an early Los Angeles-bound car today.

Chas. Spicer of the Spicer & Bishop store was called to the Angel City today by business.

Mrs. W. B. Snow spent today in Los Angeles.

Mrs. Looze is here from Minnesota and is a guest at the home of Mrs. W. Hofer.

L. K. Strong journeyed to Los Angeles this morning over the Pacific Electric line.

On Tuesday John R. Eden, assistant principal of a school for boys at Tacoma, Wash., will arrive here for a holiday visit with his father, Deputy District Attorney Walter Eden.

Mrs. A. F. Adams and son left today for Ventura, where they will visit old friends for two weeks. Mr. Adams will join them during the holidays.

B. S. Campbell of Orange was a visitor here this morning.

J. A. Maag of Orange was over from Orange yesterday afternoon.

Mrs. Coching of Stanton visited here yesterday.

## Gift problem solved at Wingood's.

—Commencing Monday, Dec. 21st, the Star Stage will resume schedule trips from Santa Ana to Whittier via Orange, Anaheim, Fullerton and La Habra. The cars will leave Warren's Specialty Store, 415 North Main. They will also call at the Palace Restaurant, 320 East Fourth street. Cars leave at:

7:30 9:30 11:30 1:30 3:30 5:30

Burglars Scared by Alarm The ringing of a burglar alarm in the store frightened away burglars who were trying to enter the Hawley gun store on West Fourth street yesterday morning between 4 and 5 o'clock. The thieves were trying at the back door when the alarm went off.

Reliable goods at Wingood's.

—Owing to several accidents, mostly due to the late storm, the Star stage will discontinue the schedule, only temporarily. Three of the cars are out of commission, but will soon be replaced and the schedule resumed.

Our own make Christmas candy at factory candy prices. Taylor's, 216 West Fourth street.

## CHRISTMAS PRODUCTION

Handel's Oratorio

"THE MESSIAH"

Rendered by Los Angeles Oratorio Society of 250 Voices—Sunday Afternoon, December 20

Frederick Brueschweiler, musical director, and the Lebegett Orchestra, 50 musicians. Soloists—Mrs. Myrtle Prybil Colby, soprano; Miss Alice Lohr, contralto; Fred C. McPherson, baritone; C. Hayden Jones, tenor; Ray Hastings, organist. To be held at the Auditorium, Theater Beautiful, Fifth and Olive streets, Los Angeles. Sunday afternoon, December 20, 3 o'clock sharp. Popular prices, 50c, 35c, 25c; boxes and loges, 75c.

## WILL REPRESENT THE ASSOCIATED CHAMBERS

A. A. Mills of Anaheim, chairman; S. M. Davis of Santa Ana and H. B. Little of Huntington Beach, transportation committee of the Associated Chambers of Commerce, will appear for that body before the railroad commission in the Bullock block, Los Angeles, December 22, when the Santa Fe Railway Company has its hearing in the matter of raising passenger rates on its lines in Southern California. The Associated Chambers is strongly against the proposed increase in rates.

## MEXICANS SLEEPING IN WEST FIFTH ST. HOUSE

City Marshal Jernigan this forenoon paid a visit to the Alexander Allee house on West Fifth street, upon his having been notified that Mexicans have been sleeping in the house since the hurried departure of Allee some months ago subsequent to a shooting scrape. It was at first reported that the Mexicans had been removing the furniture from the house. This was found, however, not to be the case. Health Officer Clark and City Marshal Jernigan closed the premises some time ago on account of the unsanitary condition of the plumbing. The City Marshal will keep watch to see that the Mexicans do not continue using the house as sleeping quarters.

Fine spuds at \$1.30 per 100 pounds, at the Santa Ana Produce Co., 311 North Main street and corner Fourth and Main streets.

Reliable goods at Wingood's.

### TOMMY ATKINS' LIFE IN THE TRENCHES

Existence Down to the Raw;  
Football Heroes of England  
Roundly Scored

By F. M. Saric, United Press Staff Correspondent

LONDON, Nov. 21. (By mail to New York)—The inconvenience of life in the trenches is vividly described by an officer serving with the Indian contingent. "We had quite a hard week and rather an exciting one under shell fire day and night, and scrapping throughout the day," he says in a letter to a friend here. "Two hundred yards only separated our trench from the enemy's trenches, so we had to be constantly on the alert. Some of our attacks were rather feeble. Our men are pretty good shots and the Germans did not face their fire for long. You will be able to gather something of what life in the trenches is like when I tell you that for ten or twelve days we lived and slept in the clothes in which we stood. "Shaving and washing were out of the question. We did not see soap, towels, toothbrush, comb or hairbrush, or luxuries of that sort for over a week nor used a spoon, fork or knife, except a pocket-knife. A bit of stick makes an excellent substitute for a spoon or fork, and 'bully' beef is easily dissected with one's fingers. It is wonderful how one gets used to

doing without things which in ordinary times one looks on as indispensable.

"Tea and coffee tablets and other things sent out by people at home are much appreciated luxuries. Chocolate is a great stand-by, and nut milk chocolate done up in convenient sizes was very popular. Some of us received most welcome parcels of tobacco and matches, which were handily round. Matches are a great difficulty here. It is difficult to carry anything about except what one can put in one's pocket, or haversack. Everything one has, including clothes, gets ruined. We had a good deal of rain, and the soil was clayey, so you can imagine the state to which we were reduced—and from head to foot."

"It is an intolerable humiliation," writes Dr. Robert Bridges, poet laureate, in a vigorous public protest against professional football in wartime, "that when the Canadians are crossing the Atlantic by thousands to fight for Britain, the Britons themselves should be idly congregating in thousands to watch a football being kicked about."

"It is not only that the football players themselves could compose a battalion of whose strength our army might be proud; but they are providing a perpetual excitement which distracts the average citizens of our great towns from considering and facing their duty to their country, and encourages them in dishonor when glory is offered. Nor is this all; the indulgence of their ordinary amusement at a time of actual national peril, when the government is anxiously calling for soldiers, adds enormously to the deadening spirit of indifference and of ignorant confidence, which is our main source of peril."

"Our enemies calculated upon finding the mass of our people apathetic. If any class is showing itself to be so they are traitors, and more dangerous than the Germans themselves. It is high time that our footballers let the world see what they are really made of, and that they do not deserve the execration that is falling upon them."

The discovery of a German male spy in the person of a supposed Belgian Sister of Mercy is reported from Boston, Lincolnshire. The "Sister" who arrived with a number of Belgian refugees who were to be distributed among the hospitable folk of the town, was assigned to the home of one of the leading citizens. She was intelligent and accomplished and was made thoroughly welcome by her host and hostess. The next night, happening to leave her bedroom, the hostess saw he guest's door ajar, and glancing in was astonished to see "her" shaving! Without giving any indication of the startling discovery, she promptly informed her husband, who immediately communicated with the police. The "Sister" was arrested and turned over to the military authorities. That was a week ago. Nothing has since been heard of "her" fate.

The stories of ill-treatment of British prisoners in Germany are not borne out by the experiences of Second Lieutenant J. Phillips Pearce (aged 18), of the 2nd Essex Regiment, who writes from Crofeld:

"I had a very decent guard when I was coming up on the train; he got me food, and when one man tried to get in to attack me he threw him off the train. "In the engagement in which I was captured I shot the man who was carrying their colors and he wanted to have me shot, but luckily nobody seemed to agree with him. The next time I saw him he had been bandaged up—he was shot through the shoulder, and he dashed up and shook me by the hand and shouted 'mein freund, mein freund!'"

**ROBERT FULTON LETTER BRINGS \$92 AT AUCTION**  
NEW YORK, Dec. 18.—A letter from Robert Fulton to General William Duane, March 1, 1813, telling of torpedoes invented by him capable of destroying any foreign invaders of New York harbor, was sold for \$92.50 Wednesday at the auction sale of the library of the late Adrian H. Joline. George D. Smith was the buyer.

Children's Coughs—Children's Colds Both Are Serious  
When one of your little ones shows symptoms of an approaching cold, give it Dr. Bell's Pine-Tar-Honey at once. It acts quickly, and prevents the cold growing worse. Very healing—soothes the lungs, loosens the mucous, strengthens the system. It's guaranteed. Only 25c. at your Druggist. Buy a bottle today. Bucklen's Arnica Salve for Sores.—Advertisement.

### BELCHER TRAVELS UNDER LANE, IS A KETTNER ADMIRER

Says Departments in Washington Recognize San Diego Man as Hustler

James T. Belcher, well known Southern California newspaper man, was in Santa Ana for a couple of hours yesterday. Belcher was substitute city editor of the Register for several months two years ago, and has a good many friends here.

Belcher has been mixed up with Democratic politics in California for, these numerous years. And his mixing has not been without profit, for just at present he is holding down a good paying job and a job of considerable trust under Franklin K. Lane, Secretary of the Interior. Belcher's work consists of special investigations for his chief. When Lane ran for governor in California a dozen

or so years ago, Belcher was his publicity man.

Belcher has just returned from Washington. He is enthusiastic over the administration, and especially over the Californian who heads the Department of the Interior.

"And Congressman Kettner," said he, "stands mighty high back in Washington. I have met Kettner but once or twice, and hardly know him personally, but, believe me, they know him back in Washington. In the various departments I was in back there I heard the officials speak of Kettner as a hard worker, as a man who knows what he wants and goes after it, as a hustler without being offensive about it."

"In other words, he is right on his job. He is regarded as the best congressman from California. They think well of him. I heard that in many places."

Big Special Sale now on Coats and Suits and Dresses—a big saving. You can save \$5 to \$15 by coming to Gilbert's. Immense assortment to choose from. Come and see for yourself. Take the elevator to our second floor, at Gilbert's, today.

—Dr. J. W. Shaul, 417 Hollingsworth Bldg., Los Angeles, in Santa Ana office Wednesday and Saturday afternoons, 1 until 7:30 p. m. Eye, ear, nose, throat and fitting glasses.

### CHRISTMAS PRESENTS STOLEN FROM AUTO

Keen Disappointment Follows Plundering of Machine on West Fifth Street

Keen disappointment followed the stealing of a suitcase full of Christmas presents from an automobile owned by W. B. Dennis of Orange. The theft occurred last night about 7 o'clock from in front of the home of Nat H. Neff at 1036 West Fifth street.

Neff and Dennis are brothers-in-law. Neff's mother, Mrs. Lydia Neff, is to leave today for a visit at Lincoln, Neb., and the relatives concluded to have a gathering at Neff's home last night and present her with her Christmas presents before her departure. Dennis drove over from Orange in his automobile, and went into the house a few minutes, leaving a new suitcase full of presents in the automobile. When he went out for the presents, the suitcase and its contents were gone.

About a month ago while Dennis

was visiting at the Neff home, a thief stole a new \$8 robe from his machine.

### RATES ANNOUNCED ON CANAL PASSENGER BOATS

NEW YORK, Dec. 18.—The newly-formed Panama Pacific line, whose steamers, Kroonland and Finland, the largest flying the American flag, will engage in the passenger trade from New York to San Francisco via the Panama Canal, announced yesterday that the first departure from New York will be May 1, and from San Francisco May 22, the Kroonland inaugurating this coast to coast service. Calls will be made in both directions, either at San Diego or Los Angeles.

It was also stated that the first cabin fares, including meals and berths, would be \$125, and the third cabin passage \$60, also including meals and berth, for the sixteen-day voyage of 5200 miles.

Many ideas at Wingood's.

Drop into Wingood's for Xmas ideas.

### MOTOR SKIDS, TURNS OVER, MAN INJURED

ORANGE, Dec. 18.—J. L. Birnbaum, a real estate dealer of Orange, was painfully hurt on the hill north of Fullerton this morning when the automobile which he was driving skidded and turned over. In the car with him were Mrs. Birnbaum and his daughter Otta, and Milton, his son. The car turned over on its top but Mrs. Birnbaum and the two children were able to crawl from underneath. They escaped with minor bruises, while Birnbaum, who was pinned under the overturned car for fifteen minutes before help arrived, sustained a number of severe bruises although he is not seriously hurt.

## MAY ROBSON IS A REAL DELIGHT AS IRISH 'SCRUBLADY'

May Robson, at the Grand Opera House last night, again conclusively demonstrated her great abilities as a character comedienne when, as Martha Slawson, the whole-souled Irish scrubwoman in Julia M. Lippman's delightful comedy, "Martha-by-the-Day," she won all hearts by her well-known artistic work, her lightning-like changes from comedy to pathos and her at all times winsome personality.

"Martha-by-the-Day" is an old-fashioned, yet altogether wholesome skit, seeing which, one is not required to take sides with an upstart point of

view pertaining to morals or ethics. The play is nothing more than a mere vehicle for the display of Miss Robson's ample talents and as such answers its purpose admirably.

No need to tell the plot of the play here as it is well known to all theatergoers, having served playwrights from time immemorial. Suffice it to say that in the story are mixed up a goodly portion of the ingredients of "self sacrifice," "sympathy," "suspense" and "surprise."

In short, May Robson would be "a hit" in almost anything in which she should choose to appear. Her methods are original. It is certain that if you see Miss Robson do a funny thing on the stage, you will never see another comedienne do the thing in exactly the same way. She never copies and for this reason her work is a constant delight.

Her gestures, her facial expression, her tones of voice, and the sympathetic manner she has at all times, are inimitable.

One of the most telling things she does in "Martha-by-the-Day" is her scene at the telephone in the second

act. To see her at the 'phone is to forget entirely that she is using a mere "prop" telephone, so intensely interested does she appear to be in what is supposed to be said at the other end of the line.

Miss Lippman has written one or two very true-to-life characters into her play, among which may be mentioned the character of Cora Slawson, daughter of Martha. Not only is the part closely studied by the author, but, as it is played by little Henrietta McDannel, it becomes life itself. Both the author and the actress have, in combination succeeded in painting a living picture of a girl just entering her teens. The girl, as seen in the play, has all the petulant groping, the unknowing wilfulness and the desire to "know things," which everyone who has ever taken the trouble to study a young girl (or young boy, for that matter), recognizes at first glance. The part, as played by Miss McDannel, is a real delight.

Jane Heron, as Mrs. Allen Sherman, the woman who allowed her husband to go to prison for a crime which she herself committed, was another act-

ress who acquitted herself creditably. Miss Heron's flinty beauty of face, her cold, black eyes and her aristocratic and calculating bearing make her admirably fitted for the part.

With few exceptions the cast was well chosen and interpreted the various parts very well indeed.

Today J. E. Harshman, sealer of weights and measures of Los Angeles city, today visited George McPhee, Orange county sealer of weights and measures. These two officials have been working together in a number of matters. Harshman is known as one of the most effective weights and measures officials of the state. Harshman said that McPhee is recognized among wholesalers in Los Angeles as a strict enforcer of the law. Harshman was accompanied by J. J. May, agency supervisor for a stock and bond firm.

## STATE SENATOR AND ASSEMBLYMAN FROM HERE AT CONFERENCE

Utley & Mead, 117 E. Fourth.

PLANNING NOW FOR  
THE "SAFE AND SANE"

SHEBOYGAN, Wis., Dec. 18.—Only a couple of hundred more days before the Fourth of July. But Sheboygan is doing its Independence Day planning early.

The Business Men's Association had a large surplus left from the fund for the Star Spangled Banner centennial celebration last September. Nobody knew just what to do with it, until a foresighted citizen suggested that it be used as a nucleus for a Fourth of July fund. The idea was enthusiastically adopted, and furthermore a committee was appointed to begin laying plans for obtaining speakers and making other arrangements for a program.

1915 FAIR TO BE WORLD'S  
BIGGEST MARKET PLACE

CHICAGO, Dec. 18.—Conditions caused by the war will make the Panama-Pacific Exposition the world's greatest market place in addition to being a great show place, according to Captain Godfrey L. Carden, U.S.N., representative at the exposition, who addressed the Industrial Club here last night.

"The manufacturing nations of Western Europe are crippled by the war," he said, "and their customers from the Far East will have buying commissioners at the exposition to shop for them."

He urged the American manufacturers to make an effort to gain trade in Java, Siam and Australia, than which, he said, there was no part of the world more friendly to the United States.

Wingood's Drug Store may have it.

## AVOIDS A BAD MOTOR CRASH

His own car in danger of being struck, and preferring to hit an empty, standing automobile, rather than one in motion filled with people, Mac Williams, a hardware salesman of this city, rammed City Marshal Jernigan's automobile in front of the city hall on Main street shortly before noon today, slightly bending the steering knuckles of the marshal's car.

Williams was driving south on Main at a moderate rate of speed. Just as he was crossing Third another machine passed him, going north. At the same instant, another auto, coming at a rapid rate, came from the west on Third and turned sharply to the south on Main. Williams was between the machine going north and cial Carranza report said that the Car-west. Rather than ram the north-bound car, which was filled with people, he turned his car to the east and Jernigan's car. Had Williams not turned when he did he would have been struck amidsthips by the car from the west and a serious accident would have resulted. The collision with Jernigan's car was entirely unavoidable, witnesses state, and had not Williams remained cool and kept his car under perfect control, it is quite likely that a catastrophe would have occurred.

The machine which came from the west and turned south on Main did not stop. Its driver could not have helped knowing that an accident had occurred, witnesses say.

Try Wingood's for Xmas Gifts.

## ALLEGED MAD DOG IS SHOT

What was supposed to have been a mad dog caused a lot of excitement on Grand avenue near the Detention Home, this morning. The dog, a Great Dane, first made his appearance at the C. C. Schultz home on Grace street, where he had several fits. He was foaming and bleeding at the mouth. Schultz, not having a gun, telephoned to police headquarters, but as the police autos were out on other cases at the time, it was impossible to send an officer to the scene.

The animal later left the Schultz home and went toward Grand avenue where C. R. Munson, superintendent of the Detention Home, took several shots at the dog from the steps of the building. Later, Theodore Reuter of 909 Grand avenue, arrived on the scene and after firing five shots at the dog with his shotgun, succeeded in putting it out of its misery.

Dr. H. J. Stevens, veterinary, stated this afternoon that the animal was probably suffering from an attack of distemper, a disease which dogs are subject to at this time of the year. Dr. Stevens says that the dog may also have been suffering from pneumonia, which is liable to result from cold, damp weather. Distemper, Dr. Stevens states, is communicable among dogs, but not to human beings. A bite from a dog suffering from distemper would not prove fatal unless blood poisoning set in.

Later it was learned that the dog was the property of E. D. Burge, corner First and Lyon streets.

## SHIP CAR A DAY IN SPITE OF THE RAIN

Villa Park Vegetable Growers  
Continue to Get Good  
Prices

**TOMATOES MAY GO  
TO \$1.50 PER CRATE**

Eastern Holiday Trade Being  
Supplied; Wax Beans Bring  
Twelve Cents

VILLA PARK, Dec. 18.—In spite of the recent rainy weather the Orange County Vegetable Association has this week averaged a carload of mixed vegetables per day, consisting of bell peppers, peas, lima, wax and string beans, egg plant and tomatoes.

The prices received by the Association during this week have been very satisfactory, there being a good demand in the East during the holiday season. The vegetables shipped this week have gone to Chicago and New York, where the holiday trade will be supplied.

The growers have been holding off on tomato shipments somewhat, in anticipation of higher prices which will be obtained in the East somewhat later. The stock to supply the holiday trade in the East will be shipped tomorrow, Monday and Tuesday. The prices that will be received are confidently expected to be highly satisfactory. The tomatoes will undoubtedly bring from \$1.25 to \$1.50 per 20-pound crate.

Prices on all varieties of vegetables have shown an increase during the last few days. Bell peppers have been averaging 3 cents to the grower and have brought 4 and 4½ cents on the market. These prices are very good at this time of the year, considering that there has yet been no frost to lessen the supply.

On the market string and wax beans have been bringing 12 cents the pound, San Francisco wholesale price. The Villa Park pea crop has been somewhat of a failure on account of the avar but what peas have been shipped have lately brought the growers from 6 to 7 cents net.

Egg plant is bringing 4 cents on the open market and netting the grower about 2 cents. The rhubarb market has not yet opened up and will probably remain closed until about February 1.

PICKING AND PACKING CHILE AT GARDEN GROVE

## COUNTY'S 1914 CHILE CROP TO BRING GROWERS \$350,000

GARDEN GROVE, Dec. 18.—Orange county's chile crop for the present year will amount to very close to \$350,000, according to estimates of growers at Garden Grove, which is the heart of the industry in this county. The production of pimientos will reach approximately 1400 tons at \$20 per ton. About 2000 pounds of green California chile pods will be produced, bringing an average price of \$18 per ton. Of dry California chile pods, at an average price of 8 cents per pound, there will be produced about 800 tons, while 1000 tons of evaporated Mexican chile pods will be produced, valued at about 9 cents per pound. Scattered lots of chile of various varieties throughout the county will bring the total up to very close to \$350,000.

Fifteen years ago Anaheim was the center of the chile industry and produced only the long, red California pods, with the Chinese taking the most active part in its production. With the lapse of time and the increased planting of trees the hub of the industry has changed to Garden Grove.

At the time the Anaheim growers "had the edge" on the industry, from 200 to 300 acres was the total amount of land devoted to chile growing in this county.

This year 2000 acres were devoted to chile growing. One of the varieties is the California, having long, red pods. Several hundred tons of this kind were canned by Los Angeles canneries, while the bulk of the crop was evaporated and sold in the dry form in the shape of pods and ground pepper.

On account of its sweetness and its desirability for canning the pimiento was introduced and has since been grown very successfully. Another variety which has proven a great favorite is the Mexican chile pod. It is grown most successfully in Old Mexico, but since the revolutions across

the line this variety has been grown extensively in Orange county.

Two thousand pounds of chile were grown this year where 100 pounds were grown five years ago.

When the chile is to be sold in the dry form the red pods are taken from the vines and placed in especially prepared evaporators where they are reduced to one-eighth their former weight and in this form they will keep indefinitely, provided insects do not get to them.

When the pods are taken from the evaporators they are hard and flinty, requiring several days of damp atmosphere to make them soft and pliable.

In this condition they are put in bags, 40 by 60 inches in size, the filled bags weighing on an average of 200 pounds, and are marketed.

The California chile is dried on trays and sold as loose chile. It is also sold in strings, which are 10 feet, 6 inches in length. After evaporation their weight is about eight pounds. The Mexican chile pods are never put on strings but are dried on trays, left in a loose state, and packed in 200-pound bags.

One acre of the California chile will produce from eight to ten tons of green pods, these being used for canning purposes only. Occasionally fifteen tons may be harvested from one acre, but this is a rare occurrence and can be done only by very successful growers and by those having very productive soil. The price of green pods per ton to the cannery ranges from \$16 to \$20.

The chile seed is planted in the field about April 1 in rows four feet apart with plants about twenty-four inches apart in the row. The plant requires fertile soil, abundance of water and cultivation during the summer months. About September 1 the pod is ready for canning in the green state while the red pods are ready for gathering on about October 1 and are harvested at intervals as they ripen up to the month of January.

The Mexican revolutions have stimulated the planting and growing of chile in California to such an extent done at present. The enterprising of the Japanese into the business has also helped to overstock the market.

## IMPROVE PARKINGS HUNTINGTON BEACH

Huntington Beach News: At the meeting of the city trustees, Monday evening, a motion by Trustee Tarbox was adopted, directing the city park employees to plant mesembryanthemum or ice plant in the parkings as soon as allowed.

Enterprising citizens are also asked to make use of the mesembryanthemum in their parkings. G. W. Ward, well of the Huntington Beach Nursery states that this plant will grow under any conditions, and about all that is required is to cut a piece and throw it on the ground and it will grow, smothering weeds and everything else in its way.

Special Sale Christmas Furs. Any scarf and set of furs in our stock has a reduced price. \$20 sets now \$13.50. Any piece of fur reduced. Come and see for yourself. Take elevator to second floor.

## USE OF NATURAL GAS INCREASES RAPIDLY

Yet Many Thousands of Cubic  
Feet From Wells in This  
County Not Used

### SOUTHERN COUNTIES COMPANY REPORTS

Institution is Growing in Num-  
ber of Services in the  
Cities Supplied

That the number of cubic feet of natural gas used in Orange county has grown to a volume far beyond what was high water mark in artificial gas is one fact pointed out in a report made by the Southern Counties Gas Company to the Board of Supervisors.

That only a small proportion of the natural gas available for the company in the oil wells in the northern part of the county is made use of is another fact.

The popularity of natural gas, both through utility and price, is responsible for an addition of twenty-six per cent in the number of services since natural gas took the place of artificial gas.

The gas company estimates that Orange county contains 10,000 families of five persons in each family.

The gas company's report states that:

In 1913 98 million cubic feet of artificial gas was sold at prices varying from \$1.00 per thousand cubic feet in Santa Ana to \$1.20 in some outlying districts.

To date, in 1914, 145 million cubic feet of natural gas has been sold at from 75c per thousand for domestic purposes to a much lower rate where large quantities are used for industrial purposes.

The Olinda field has available 750,000 cubic feet per day for our purposes, while the Coyote Hills has some 15 million cubic feet per day available under present development. At the present time the Southern Counties Gas Company is taking about one and one-half million cubic feet of this per day.

The gas from Coyote Hills and that from Olinda are practically the same in heating value, i. e., 1100 B. T. U. per 1000 cubic feet, as against 600 B. T. U. per 1000 cubic feet of artificial oil gas.

**The Entire County**  
 On January 1, 1914, there were 92 miles of mains in the company's system in this county. That has increased 18 miles, making a total of 110 miles.

The number of services supplied by the company increased from 4430 to 5500, an increase of 1160, and an increase of about 25 per cent.

In addition to these totals was the Olinda-Anaheim 6-inch main, containing 9 miles of pipe; the gas company's part of the Coyote Hills line, containing 3½ miles, and the Standard Oil Company's portion of the Coyote Hills line, containing 2½ miles. With these mains and the service mains, there are 145 miles of natural gas lines in the county, under the Southern Counties Gas Company's system. The increase for the year in the grand total is 38 miles.

**Santa Ana District**  
 The Santa Ana district comprises Santa Ana, Orange, Garden Grove and Tustin. In 1914 the number of feet in the mains of Santa Ana has been increased from 188,733 to 215,515, the number of services from 2454 to 2938.

The mains in Orange have been increased from 71,797 feet to 73,733, the services from 604 to 708. Tustin had no services on January 1, 1914. There have been laid 25,382 feet of mains at Tustin, and 116 services have been made.

Garden Grove's mains, 28,715 feet, have not been increased, but the services have gone from 45 to 57.

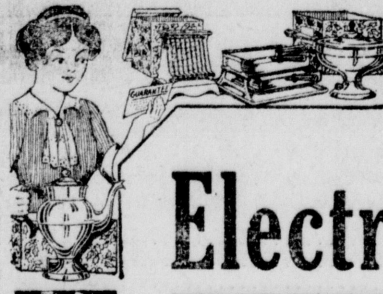

The total number of feet of mains in the Santa Ana district has gone up from 289,245 to 343,345, the services from main to curb from 3103 to 3821.

**Anaheim District**  
 The Anaheim district comprises Anaheim, Fullerton and Placentia.

The mains in Anaheim have been increased from 101,566 to 124,248, and the services from 748 to 1011. Fullerton's mains grew from 79,454 feet to 97,163, and its services from 542 to 598.

Placentia had 18,896 feet of mains on January 1, and now has 19,928. Its services went from 37 to 70. The total feet of mains in the Anaheim district went from 199,896 feet to 241,339.

**TRY THIS FOR NEURALGIA**  
 Thousands of people keep on suffering with Neuralgia because they do not know what to do for it. Neuralgia is a pain in the nerves. What you want to do is to soothe the nerve itself. Apply Sloan's Liniment to the surface over the painful part—do not rub it in. Sloan's Liniment penetrates very quickly to the sore, irritated nerve and allays the inflammation. Get a bottle of Sloan's Liniment for 25c of any drug store and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.—Advertisement.

### RICH DISPLAY OF QUARTZ AND NUGGETS IN JEWELER'S WINDOW

Newton Judson, a cousin of A. J. Padgham, recently struck a pocket of very rich quartz and a quantity of large crystal nuggets in his mine near Placerville, and about \$600 worth of the specimens are now displayed in the show window of Padgham's jewelry store. The display rivals in richness the strikes of '49 and is attracting much attention. Some of the nuggets will be mounted by Mr. Padgham and made into jewelry of various kinds.

Four World's Champions will take part in the Motorcycle Races at Santa Ana, January 1.

### TO DRILL MANY NEW WELLS, PROMISE

Great Activity in Fullerton Oil Fields—The Outlook is Bright

Fullerton Tribune: There is no let up to development work in all parts of the Fullerton fields.

Wells are going down on nearly every lease here; a number of new wells will be brought in within a month and all completed wells are pumped day and night.

There is no busier field in the state than will be found right here in Fullerton.

The Tribune is also informed that

### DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Brewster Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

### RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

several companies will begin drilling new wells here early next year.

Looking at the financial situation from an oil point of view, the chance for the better becomes more marked daily, with the question appearing to be among the investors whether or not the time to place money is at hand. That a much brighter view of the oil industry is being taken by those prominently connected with it, is indicated by expressions heard from both the city and field headquarters of the various companies.

All look forward to a decided improvement with the coming of the new year, with the greater number planning to start new work. Oil men base this belief on various grounds, among them being the evident inclination on the part of large purchasers to take additional quantities of oil, the increase of transportation facilities, and the ending of several gushers during the past year.

The partial reduction of operations on a number of leases has given the operators an opportunity to go ahead with the cleaning up of properties and the cleaning out of old wells. This has placed them today in a better condition than ever before.

The opening of the San Francisco stock exchange and the lack of the flurry looked for, coupled with the appearance of much ready money for investment and speculative accounts also, shows a restoration of proper feeling among those who heretofore invested in California oil, but have shut down tight on all advances during the past few months.

No one can help but welcome this new era of prosperity, for it is demonstrating that there is much idle money willing to take a chance if there is any proven change for the better in the oil outlook. To be sure, all sincerely trust there will be no stock craze with the opening up of better prospects, such as was apparent a few years ago when the world went oil mad and invested in many questionable prospects.

This era, it is believed by all, is passed, and in its place stands the offerings of properly financed, consistently planned and rightfully conducted oil enterprises. Vast fortunes have been made in the oil industry.

All things considered, the financial situation has marvelously improved. Money is becoming more abundant, and credit is easier. Another month promises to see new activities and the starting of an era of prosperity in California oil fields greater than ever before apparent.

### APARTMENTS CHANGE HANDS

The Santa Ana apartments on East Second street, owned by W. H. Brooks, of Laguna Beach, were sold Wednesday to Mrs. Vanderlip of Santa Ana. The consideration is said to be \$7000. Brooks takes in as part payment a house and lot on Orange avenue for \$4000. The deal was handled on both sides by the realty firm of Wells and Warner.

### Sells Bristol Street Property

Mrs. Anna Clark has sold three improved acres on Bristol street, near Hickey, for \$4000, to H. Rogers, who turns in exchange a house and lot on East First street. Mrs. George Pickering was the agent for the parties in the deal.

### Candy canes made to order, any size, at Taylor's, 215 West Fourth street.

YORBA LINDA

### WATER COMPANY PUTS IN NEW PIPE LINES

Unimproved Land is Sold at \$1000 per Acre—To Set Out Lemons

Fullerton Tribune: The Yorba Linda Water Company has just finished installing two new pipe lines in the extensive water main system. One line is in the northwest portion of the Yorba Linda tract, and consists of 975 feet of 8-inch redwood pipe, 3500 feet of 6-inch redwood and 1000 feet of 5-inch steel pipe. The other line consists of 500 feet of 14-inch redwood and 200 feet of 8-inch pipe.

Both lines have been fully tested and are found to be entirely satisfactory in every way. It is contemplated by the company to install the redwood pipe extensively.

B. F. Moore has purchased two acres adjoining his home place from J. B. Davis of Los Angeles at the rate of \$1000 per acre, which is considered a fairly good price for unimproved land.

Mr. Moore and Mr. Davis also entered into a contract by which the other eleven acres of the Davis place is to be improved at once with the choicest lemon trees.

### LIST OF BUILDING PERMITS ISSUED SINCE DECEMBER 11

To H. R. Boyd, five-room dwelling at 1114 Fairview avenue; \$1150.  
To C. W. Hannah, with Sam Preble as contractor, repairs at 602 West Second; \$400.

To A. M. Greenfield, with T. F. McDonald as contractor, four-room dwelling at 905 East First street; \$800.  
To R. C. McMillan, five-room dwelling and garage on Garnsey street; \$1650.

To Mrs. S. J. North, with H. A. Froehliche as contractor, repairs at 1204 East Fourth street; \$100.

To Christian Science Church, with G. R. West as contractor, repairs at corner of Sixth and Sycamore; \$50.

To C. V. Jackson, with G. R. West as contractor, repairs at 221 West Fourth street; \$75.

To Earl Kennedy, with G. R. West as contractor, repairs at 503 North Main street; \$50.

To Roy Peterson, with G. R. West as contractor, repairs at 314 North Sycamore; \$55.

To A. Gonzales, with N. Gonzales as contractor, two-room dwelling at 1022 Lincoln street; \$65.

To C. L. Coulson, with Mrs. Westmoreland as contractor, addition at 320 West Nineteenth street; \$150.

### Great Prosperity Is in Store For California

Following is an editorial from the Orange News:

Good Times the Word

The city of Orange and its surrounding territory have passed through the year suffering little or no effects from financial troubles that were apparent in the eastern states.

The building permits in the city will reach almost \$200,000 for the year, which is an astonishing figure when compared with the permits of other towns of this size.

The orange crop has brought good returns generally, and other crops except apricots were proportionately satisfactory.

These conditions obtained here in the face of the fact that business in the country was almost at the point of stagnation; and that the country was weighed with the uncertainty of the effect of the European conflict.

Conditions in the country at large are improving rapidly. The administration has given the assurance that business is not to be disturbed by new legislation. The federal reserve banking system has given assurance that the financial needs of the country will be cared for in all events. Trade lines, closed by the war, are being re-opened; and this nation is in the

position of merchant to the buyers of Europe and to the buyers who formerly bought of Europe.

The new year opens vistas of encouragement to all lines of industry.

The East is coming to California. It should be remembered that the farmers of the Middle West scored a tremendous success this year on crops and prices, and that our relatives across the divide are bulging as to pocketbook. The country, next year, will be more able to buy our products, and this insures us better prices, leaving out consideration of the needs of Europe and the rest of the world. And our cousins are coming from the East and Middle West to see our expositions and our towns and our orchards; and they are going to be, figuratively speaking, "knocked down" by our climate and our advantages. It is a good prospect for California.

Let us be done with any disposition to be down in the mouth. Let us talk confidence secure in the knowledge that confidence is justified; and let us go out and make a Christmas of it, make ourselves and others feel good by giving our gifts in the good, old-fashioned way.

Let the Christmas spirit hold sway and let us forget the unfounded croak about hard times. It will do us good.

### Notes on Building Activities

Garden Grove

The Y. M. C. A. boys of Garden Grove are taking steps to add to their present building a club room, which will be used for Bible study work and committee meetings, and a music room and reading room. The improvement is badly needed. There is a possibility that the W. C. T. U. ladies will have a part in furnishing the addition when completed.

Anahaim

Gazette: Messrs. Renner and Schumacher will in a few days occupy the east room in the new Hartfield building with an exclusive men's furnishing department. The room is 18x100 feet and will be a decided improvement. Their present quarters will be used for their ladies' ready-to-wear department. Besides an artistic front on Center street, a large door 9x10 will be opened midway in the dividing wall, thereby connecting the two departments. The firm reports a flourishing business and is to be congratulated on its fine business acumen in arranging this new compartment for their expanding trade.

W. F. Hazel will open a first-class drug store at 126 West Center on Saturday. Mr. Hazel for many years was with the Sun Drug Company of Los Angeles and comes well recommended. He sees prosperity ahead in this city and promises to give the city one of the best pharmacies to be found in the country.

Plain Dealer: The first shipment of new crop oranges from this district was made Monday by the Anaheim Orange Growers' Association, that

concern sending out a carload of navel—the fruit going to an eastern distributing center.

The fruit was well colored and fairly sweet, and will easily stand the test prescribed by the government for interstate shipping.

The shipment just made is believed to be the first carload of new crop oranges sent out from Orange county.

Newport

News: The Home Restaurant has leased the whole lower floor of the Knight building, on Main and Central, and will tear out the partition between the two parts and will occupy all of it, adding more tables and equipment for the summer auto and tourist trade.

Huntington Beach

News: The Huntington Beach Company has inclosed the pavilion with heavy canvas for the lessees, the Huston-Keener Company, which makes it a very pleasant place for the bowling alleys.

A new building is being erected on Main street, near the West Coast Gas Company's office, by W. J. Althaver. The structure will be 24x44 feet and will be of corrugated iron, one story in height.

The building is being built for Hahn & Onson, the enterprising tinners, who will move into it as soon as it is completed. The move will be made to accommodate the growing business of the firm, which is composed of L. J. Hahn and A. Onson, both practical tinners from Long Beach, who have conducted a successful business in this city.

### Removal Notice

We wish to announce to our friends and patrons that we have moved our dental office from the corner of Fourth and Main streets to the new Spurgeon Building, Rooms 205-6-7. Here we have one of the best equipped and most conveniently arranged dental parlors in Southern California and will be better than ever able to serve you with first class dentistry, painlessly performed, and at as reasonable price as is consistent with first class materials and good service.

## PRACTICAL INSTRUCTION AT NEW EVENING HIGH SCHOOL SPANISH AND MECHANICS

Outlines of more of the courses to be given at the Polytechnic Evening High School, which will open January 4, were given out yesterday, as follows:

In every evening school in California there are more students in Spanish than in any other subject. Spanish is in the ascendancy all over the country. It is popular largely for two reasons: It is useful in the Southwest in our relations to the Spanish-speaking people and it will be necessary for our expanding commercial relations with South America. Dr. Clayton, U. S. commissioner of education, recently said:

"We should teach in our schools and colleges more of the geography, history, literature and life of the Latin-American countries and we should offer instruction in the Spanish and Portuguese languages to a much larger extent than is now done."

All our relations with the republics to the south of us are bound to become much more intimate than they have been in the past. The completion of the Panama Canal, the changes in commercial relations brought about

by the war in Europe, as well as other recent events, have served to call the attention of the people of the United States to the recent rapid growth and development of the Latin-American republics."

The evening classes in Spanish will be made largely conversational, with a minimum of grammar. There will be a separate class for those who have some knowledge of the language and wish to make rapid progress. Commercial letter writing of a non-technical nature will be taught.

### History

The history department of the night school will offer courses in American History, Modern European History, Civics and Economics.

These courses will be arranged and adapted, so far as possible, to meet the wishes of the students. The course in American History will cover the field of American history, giving a general view of the subject for a pupil who has not had the course in high school, and will furnish an opportunity for any one who is thinking of attending college next year to thoroughly review the subject.

Modern European History will deal with modern European history with enough medieval background to see how the modern nations have come to be and to understand the great conflict now raging in Europe. To any one who is following the trend of the "Great War" this course will be interesting and instructive.

Civics will be a course in citizenship. The United States Constitution will be studied and the California State Constitution will be taken up with special attention given to the present working of the state and local government. Anyone looking to naturalization will find this course especially helpful.

In Economics or Political Economy, in addition to "economic theory" of consumption, production, exchange and distribution of wealth will come discussions of money, interest, wages, monopolies, taxation, single tax, socialism, public expenditure, etc. This course will be arranged to meet the wishes of the students and emphasis given to the phases of the subject that those taking the work wish discussed.

### First Aid Course

The Red Cross First Aid Course will be for women and girls in the recognition and emergency treatment of the common accidents of the home, school-room, street and playground.

Practical exercises in bandaging, application of splints and tourniquets, carrying the wounded, artificial respiration and caring for invalids at home.

Students completing this course and passing a satisfactory examination will be recommended to the American Red Cross for First Aid certificate.

The elements of corrective gymnastics will also be added to this course.

### Automobile Theory

The Manual Arts Department also expects to offer a course in automobiles. Just what this will take up has not yet been decided and will depend

largely upon the desire. There are two courses in automobiles, either or both of which will be given if sufficient numbers apply. One course takes up the theory of gas and gasoline engines and motors; the other course will be one on general automobile study. As we have no machine shops for actual practice in working out problems of the course, we will have to study from text books, lectures and drawings. A more definite outline of the general course in automobiles will be given at a later date.

The technical course is designed to familiarize students with the principles on which automobile design is based, and to enable them to judge the good or bad design of parts in motor cars. In every case theoretical considerations are followed and illustrated by the parts of the more popular American cars. The course should be valuable to car owners who wish to judge for themselves what service they should get from parts of their cars, and for practical automobile mechanics who wish to study the elementary principles of design.

Under the topic Motors will be discussed: Types of Motors, Carburetors, Ignition, Power and Flexibility, Cooling, Lubrication, Exhaust Disposal, Weight Distribution, Use of Indicator Cards, Economy and Efficiency, Fuels and Heat Cycles. Under Transmission will come Types and Special Designs and Transmission Streams. Other topics will be Rear Axle Design, Front Axle and Steering Gear, Frame and Spring Suspension, Bodies and Body Material.

### Woodwork

The course in wood work which will be offered in the night school, briefly outlined, consists of: The use and ap-

## TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its  
Natural Color, Gloss and  
Thickness

Common garden sage brewed into a heavy tea with sulphur and alcohol added will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or frayed and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.—Advertisement.

FROM BELGIAN WAR PICTURES

## ARE TO SHOW PICTURES OF SHOT-TORN BATTLEFIELDS

Arm-chair travel travel to the shot-torn plains of Belgium, views of actual fighting and all the accompanying horrors of the frenzy of barbaric wrath that in a few weeks reduced a happy, industrious people to want and cluttered the exits from Flanders with nerve-shattered and starving women and children, will be offered Saturday afternoon and evening at the Grand Opera House in moving pictures taken under the auspices of the Belgian government.

Not only will these pictures show actual fighting scenes, the first and only to be taken to date, but 50 per cent of the net proceeds will go, by agreement with the Belgian government, to the Belgian Red Cross for the relief of the wounded and starving.

The destruction of Termonde, the taking of Antwerp, the flooring of Liege, and the battle of Malines, Alost and Aerchot will also be shown.

Block lettering; machine drawing; detail and assembly drawing; tracing and blue printing; orthographic projection and conic sections; revolutions and developments of solids and surfaces; isometric projection and isometric drawing; mechanical perspective and shadow projection; principles of architectural drafting; machine design and gear construction; shading; decorating; tinting; stippling; letter designs and title plates; elementary problem of descriptive geometry.

Special Ben Hur coffee—a half-pound can given with each pound purchase while being demonstrated at Santa Ana Produce Co., 311 North Main street, Thursday, Friday and Saturday.

together with sadder scenes, the burning of great cities, the wandering of the refugees, and all those terrible changes which have made a fair land a charnel house, a mute voice crying to God for the sinner of her children.

It will be a visual view of the scenes of recent history. In these pictures one will see the great fourteen-centimeter guns at close range, will see the parabola of the shells as they wing their death-carrying way on league-long journeys, will see fighting at close range, will see the dead piled in windrows, the crumbling of great buildings and bridges under concentrated shell fire, and last will see terrorized women and children, the saddest reappings of the war, in mad, sad flight.

In all, there is 4500 feet of film to be shown and pictures, awful pictures—pictures that are a clarion call to America to succor and aid those who are stricken and disregarded in the mad rush of nations to slaughter.

Monday. You begin with 5 cents and increase 5 cents each week. At the end of 50 weeks you have \$63.75. Next

# YEAR

I will give presents to all my friends. But this is not the only plan they have.

## Increase Your Wealth

by investing in land near

## Templeton or Paso Robles

This locality has been producing a very superior quality of apples, pears, prunes, cherries, grapes, almonds, and walnuts without irrigation for many years, but it was only recently that any particular attention was paid to the development of the fruit and nut industry.

During the last year or two many thousands of acres have been set out by men from Southern California and orders have been placed with nurseries for trees to plant five thousand acres this coming season.

The Templeton-Paso Robles district produces a wider range of products than is grown in any other one locality between Los Angeles and San Francisco. This locality possesses several distinctive features which make it specially attractive for investment and home building.

Good ranches, most any size, \$75.00 to \$150.00 per acre. Well located young orchards in fine condition at \$275.00 to \$400.00 per acre. Near railway station and within easy motor trucking distance of deep water port puts you in touch with the world's markets.

ton Beach before the beginning of another school year. Members of the board of trustees have practically agreed upon a site for the more westerly building on blocks 714, 715 and 815, lying between Fourteenth and Sixteenth streets and adjoining Palm avenue on the south. The proposed site comprises about seven acres and is located in line with the probable growth of the city and is only a few blocks from the Union High School, which is located inside the city limits.

Another site is under consideration in the eastern part of the city in what is known as the Vista del Mar section. The price asked for the first mentioned site is \$12,000 and the present grammar school site. It is further agreed, however, by the Huntington Beach Company, owner of the property, that when a building to cost not less than \$25,000 has been erected on the new site, they will donate the present site to the city for park purposes.

This would entail a total expenditure for this school of \$37,000. It is proposed to spend an equal amount for the site on the other side of town, as the growth of the city is about the same in both directions. The proposition, therefore, that is likely to be placed before the people is the issuance of bonds to the amount of \$75,000 for these improvements. It is expected that the Huntington Beach Company will be asked to insure the district a market for the bonds in case they are voted.

The growth of the Huntington Beach schools has been quite remarkable. A little over four years ago the school facilities of the city were doubled by the erection of four additional rooms to the existing building. These eight rooms proved sufficient until the beginning of the present year, when it was found necessary to build a temporary structure for one of the grades. Even with this addition the school is greatly crowded and the continued growth of the city, spreading out in both directions, makes it clear that two centers will be needed in order to accommodate the children.

The High School, which found a permanent home in its present location, has been in its present quarters only since 1908, and is now so crowded for space that it is quite certain that additional room will have to be provided before the beginning of another school year. The building now occupied was the first of the modern high school buildings to be put up in Orange county, but it has now been surpassed by all the other schools of the county. As Huntington Beach High School is still the smallest in the county it is not the intention to vie with other schools in the expensive nature of the plant, but it is the intention to build in such a way that extensions can be conveniently and cheaply made when they are needed.

## ORANGE COUNTY MEN ATTEND CONVENTION STATE BEEKEEPERS

A number of Orange county men, including County Bee Inspector J. E. Pleasants of Silverado, Andrew Joplin of Trabuco, J. W. T. Kimball of Santa Ana, George Brown of Tustin, Ed. Honey of Orange and Matthews of Fullerton, attended the convention of the State Beekeepers, which ended in Los Angeles yesterday after a three days session.

Reports from representatives of counties from Glenn to Imperial showed that foul brood not only is well under control but is being gradually decreased. That is a matter of encouragement for all persons interested in the bee industry.

A Modesto man was elected president, and San Francisco was chosen as the next place of meeting. Hitherto meetings have been held in this end of the state, but the central and northern end of the state is increasing the number of apiaries, and interest in the industry is growing steadily in those parts of the state.

## ORANGE TOWNSHIP POPULATION WELL OVER 5,000 MARK

Orange News: The census now being taken in the township of Orange to determine the salary of justice of the peace and constable will develop the fact that Orange city has a population of 5000, according to J. L. Kiesel, who has been employed by the board of supervisors to do the work.

With the close of his work yesterday Mr. Kiesel had not yet covered three-fourths of the territory of the city, and already had more than 4000 names on his list. He expressed the opinion that the figures would reach 5000 for the city.

For the township, Mr. Kiesel states that he thinks now the population will be over 8000, the figure required to give the justice and constable a salary of \$75 per month, instead of the \$50 which they now get.

When it is recalled that the government census taken in the spring of 1910, four and a half years ago, gave this city 2295, the present figures represent a remarkable advance in population. Any assistance that can be extended Mr. Kiesel in making his canvass thorough and complete will be appreciated. He has to return over the same ground frequently because people are absent when he first calls.

MANY DISORDERS COME FROM THE LIVER

Are You Just at Odds With Yourself? Do You Regulate Living?

Are you sometimes at odds with yourself and with the world? Do you wonder what ails you? True you may be eating regularly and sleeping well. Yet something is the matter? Constipation, Headache, Nervousness and Bilious Spells indicate a sluggish liver. The remedy is Dr. King's New Life Pills. Only 25c at your druggist. Bucklen's Arnica Salve for Skin Eruptions.—Advertisement.

## Write to Your Friends in the East

and tell them that CALIFORNIA'S TWO GREAT 1915 EXPOSITIONS at San Francisco and San Diego will open on schedule time

There will be NO POSTPONEMENT on account of the European war or for any other reason. Ask each of them to mail a postal to Some One Else, and the Mail Man will spread the news

OPENING DATES AND DURATION OF EXPOSITIONS:

Panama-Pacific International Exposition of San Francisco February 20 to December 4, 1915

Panama-California Exposition at San Diego January 1 to December 31, 1915

Here are some convincing facts concerning the great Exposition at San Francisco: Not one of the 42 exhibiting foreign nations has withdrawn, while three of them have increased their participation. Seven nations involved in war and five neutral European nations will have their own buildings. Exhibits from eleven foreign countries have already arrived. Forty-three of our states and one city are making individual exhibits. Finally, these exhibitors are spending more money than previously expended in any two other expositions.

## LOS ANGELES PRODUCE MARKET

A little excitement was injected into the egg market here by the announcement of an 8-cent advance in San Francisco. The quotation on case count in Los Angeles went up 2 cents as a result. At the new price the ranch eggs are selling at only 40 cents here, while in San Francisco they are quoted at 53 1/2 cents. Receipts here were but 124 cases. The call was very good. Considerable storage stock is moving at this time, and there is still a heavy offering of eastern eggs here, both fresh and storage.

Butter receipts were 35,660 pounds. The call was only normal. Prices were steady. Cheese arrivals were 1600 pounds, and the market was practically featureless. Delayed shipments of potatoes arrived, totaling 6397 sacks in the day's receipts. The market has been kept on a very even keel this season, and speculative buying has been light. Sweet potato arrivals were 496 sacks. They are practically all from local territory, the northern harvest being at an end. Onion receipts were only 18 sacks, and no beans were reported in.

Many ideas at Wingood's.

C. H. SEAMANS, Secretary.

**NOTICE OF SALE BY REFEREE**  
In the Superior Court of the State of California, in and for the County of Orange, ss. I, the undersigned, Referee, do hereby give notice that under and by virtue of an Interlocutory Judgment, issued out of the above entitled court in the above entitled cause whereby the undersigned was appointed sole referee for the purpose of making sale of the property hereinafter described in accordance with the provisions of said Interlocutory Judgment, a copy of which was, on the 12th day of December, 1914, filed in the office of the County Recorder of the County of Orange, reference to which is hereby made, for particulars, I will sell the property hereinafter described at the front entrance to the Court House in the City of Santa Ana, County of Orange, State of California, on Monday, the 4th day of January, 1915, at the hour of 10 o'clock A. M. of said day to the highest bidder for cash, lawful money of the United States.

The property hereinabove referred to and which will be sold in accordance with this notice is described as follows, to-wit:  
Being in the Rancho Santiago de Santa Ana, County of Orange, State of California, and described as commencing at a point on the South line of Section Twenty-one (21), Township Four (4) South, Range Nine (9) West, S. B. & M. 40 chains East of the Southwest corner of said Section, which section corner is also the Southwest corner of the Leandro Serrano Tract, running thence North 50° 10' 10' West 10 chains thence East 22 1/2 chains South 10 chains; thence West 22 1/2 chains to beginning, containing 23 3/4 acres, being the South half of Lot No. 10 of the Leandro Serrano Tract, in said Rancho, as surveyed by E. R. Nichols on November 10th, 1873, and reference is hereby made for further description to the map of said survey recorded in Book 13, page 452, of Mortgages, Records of Orange County, California.  
Dated this 12th day of December, 1914.  
D. N. KELLY, Sole Referee.

**NOTICE TO CREDITORS**  
Estate of Casper D. Shields, deceased. Notice is hereby given by the undersigned Administrator of the estate of Casper D. Shields, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit the same with the necessary vouchers, within four months after the first publication of this notice (which publication was first made on the 25th day of November, 1914), to the said Administrator at his office in the Opera House Block, in the City of Santa Ana, County of Orange, State of California, which office is hereby designated as the place for the transaction of the business of said estate in the said County of Orange.  
Dated this 25th day of November A. D. 1914.  
CHARLES H. STANLEY, Administrator.

## The Japanese Government Appreciates Southern California Lands

A good many people wonder why the Japanese government feels so badly because their people cannot buy any land in this state, when some of our own citizens go up and down the country with money and don't buy even though orange and lemon land can be bought today within 35 miles of Santa Ana, at prices which prevailed in the citrus belt of Orange county 20 years ago, namely \$50 per acre, including water stock; fact is the alert Jap being quick to grasp opportunities, can see great possibilities in our soil, climate and water; such is the case at La Sierra Heights, which is located in the midst of the greatest commercial citrus belt in the world. However, the local agents, Maury & McDuffie are having a great inquiry regarding this property, and expect to dispose of a large number of five and ten acre tracts before the advance in price, which will happen on March 1st, 1915. Those interested should visit the local office, 315 North Main street, at their earliest convenience where full information, data, etc. will be cheerfully furnished free of cost, and where arrangements can be made for trips to this tract which has the three most important factors, namely: land, water and climate.

## FOR SALE OR EXCHANGE

Twice-a-Week.  
From Santa Ana over the new canyon road, via Corona, Riverside, Redlands, to Yucaipa, great sight-seeing trip. Up in the morning, back in the evening, or stay over night if you desire. See the beautiful Yucaipa valley and the 5000 acre development and then you will understand why this valley is such a great fruit growing section. See the best land and water now on the market in Southern California. Phone 161 or call

**J. R. SCHOOLEY**  
504 North Main St., Santa Ana.
